

AMP The Alliance for Malaria Prevention

Expanding the ownership and use of mosquito nets

AMP Conference call minutes: www.allianceformalariaprevention.com

7th March 2018

Dial-in number: +1-213-787-0529
USA toll-free: 888-808-6929
Access Code: 3904916

If you wish to be added to or taken off this mailing list please contact: melanie.caruso@ifrc.org

Do you have a topic / issue / country specific update to share with the AMP partnership? Send a summary of the topic you would like to discuss to: jason.peat@ifrc.org or melanie.caruso@ifrc.org and we will schedule your update at the start of an upcoming AMP conference call.

Agenda – March 7th AMP conference call

Chair : Jason Peat
Rapporteur : Melanie Caruso

- Introductions
- Review of minutes from last week's AMP conference call
- Country Updates
- Working Group Updates
- AOB

Next conference call: Wednesday, 14th March 2018 10:00 EST, 14:00 GMT / UTC, 16:00 CET

Participants:

AMF:	Peter Sheratt
AMP participants:	Melanie Caruso, James Ssekitooleko, Yves Cyaka, Kamel Maina, Jeronimo Zandamela, Jean-Marc Gregoire, Greg Pirio, Hamisu Hassan
BASF:	Alex Heimsch
Buy a Net:	
CDC / PMI:	
CRS:	
Disease Control Technologies:	
Global Health Partners:	
Global Fund:	
IFRC:	
Independent participants:	Kevin Starace
Intelligent Insect Control:	
IPHA:	Jessica Rockwood
JC Flowers Foundation:	
JHU Centre for Communications:	Andrea Brown, Danielle Piccini
JSI:	Chris Warren
LSHTM:	
MCDI:

 Tana Netting:
 UNICEF:
 UN Foundation:
 USAID / PMI: Lungi Okoko
 VF: Aurelie Delbaere
 WHO: Jan Kolaczinski
 World Vision: Gagik Karapetyan

General updates:

AMP working group updates:

Country support working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

Current AMP TA missions :

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
CAR	Implementation & Logistics	IFRC/AMP	February – April 2018
Liberia	Implementation & Logistics	AMP/REF	February - March 2018

Planned AMP TA missions 2018:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Ethiopia	Process evaluation	CRSPC	March-April 2018
Nigeria	Implementation and Communications	AMP	Continuous 2018
Malawi	Implementation, Communications and Logistics	AMP	Continuous 2018
Madagascar	Implementation, Communications and Logistics	AMP	Continuous 2018
DRC	Implementation and Logistics	AMP	Continuous 2018
Congo Brazzaville	Implementation and Logistics	AMP	TBC
Pakistan	Implementation, Communications and Logistics	AMP	TBD

Completed AMP TA support (distance and in-country) in 2018:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Madagascar	Implementation Logistics	AMP AMP	January 2017 January 2017
Total # of countries supported by AMP in 2018 (in-country):			1

Emerging issues working group:

Co-chairs: Joe Lewinski – PSI jlewinski@psi.org ; Caroline Desrousseaux VF - cde@vestergaard.com)

- The next EIWG conference call meeting is tentatively scheduled for March 21st
- Follow up is ongoing on the containerised delivery discussion – more to come on that

Monitoring, Operational Research, and Evaluation (MORE) working group:

Co-chairs: (David Gittelman - CDC/PMI dmg1@cdc.gov and Elizabeth Ivanovich UNF - eivanovich@unfoundation.org ; Mame Birame – USAID/PMI Senegal mbdiouf@usaid.gov)

- No update

Net mapping project working group:

Chair: John Milliner – Milliner Global Associates jemilliner@gmail.com and Cedric Mingat PSI - cmingat@psimali.org

- Discussion on how to look at Global Fund data to compare what is being given by manufacturer into the Net Mapping data is ongoing

Toolkit and Training working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

- AMP Regional Trainings are being planned for Q3/Q4 2018 – activity funded by VectorWorks

Resource Mobilization working group:

Jason Peat – IFRC Jason.peat@ifrc.org, Drake Zimmerman – Rotarians Action Group on Malaria drakezim@gmail.com and Jessica Rockwood – IPHA jrockwood@iphadvisors.com

- No update

AMP ‘ACTIVE COUNTRIES’

Countries where AMP is currently providing technical assistance via in-country missions or distance support.

AMP ‘Active Countries’ updates provided on March 7th AMP call: Angola, Benin, CAR, Chad, Ethiopia, Ghana, Liberia, Malawi, Mali, Pakistan

Angola:

Population at risk of malaria in Angola :	19,600,000 (World Malaria Report, 2012)
Required LLINs :	10,888,888
LLINs imported into the country three years prior to update :	4,850,646 (AMP Net Mapping Project)

Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Phased approach by province – 1LLIN/2 people - 2013	11,700,000	7,484,312	3,669,125		Implementation , Logistics	03.04.13
ANC							
EPI							
Totals	N/A	11,700,000	7,484,312	3,669,125			N/A

Update on March 7th AMP conference call:

- PSI finished off campaign activities and now supporting some continuous distribution activities

Benin:

Population at risk of malaria in Benin		<i>10,328,934 (2014 population)</i>					
Required LLINs :		<i>5,738,297</i>					
LLINs imported into the country three years prior to update :		<i>4,845,882 (AMP Net Mapping Project)</i>					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	<i>National universal coverage replacement campaign</i>	<i>5,738,297</i>	<i>6,050,272 (GF 5.245.272, USAID 280.000)</i>	<i>0</i>		<i>Logistics and longer term coordination</i>	<i>16.07.14</i>
ANC							
EPI							
Totals	N/A	5,738,297	6,050,272	0			N/A

Update on March 7th AMP conference call:

- Post campaign workshop to discuss lessons learned planned – dates TBC

Burkina Faso:

Population at risk of malaria in Burkina Faso		<i>19.5 million</i>					
Required LLINs :							
LLINs imported into the country three years prior to update :							

Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- AMP provided support with 2018-2020 grant – BF want to continue discussions around the strategy for their campaign scheduled in 2019
- Want to avoid a multimillion net gap like in past campaigns

Burundi:

Population at risk of malaria in Burundi :				6,690,000 (World Malaria Report, 2012)			
Required LLINs :				3,716,667			
LLINs imported into the country three years prior to update :				4,433,813 (AMP Net Mapping Project)			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	UC 1.8 ratio Feb/March 2014	5,165,200	5,158,410	6,790		Implementation , Logistics	03.04.13
ANC							
EPI							
Totals	N/A	5,165,200	5,158,410	6,790			N/A

Ongoing issues:

- Next campaign: moved back a year forward because of elections so now on a 2-year cycle rather than a 3 year cycle for mass distribution campaign
- Just completed distribution last year and already starting planning now for next campaign.
- PSI tasked to do net durability monitoring in Burundi – look at what the methodology will look like on a 2-year campaign cycle.

Central African Republic (CAR):

Population at risk of malaria in CAR :		4,490,000 (World Malaria Report, 2012)	
Required LLINs :		2,494,445	
LLINs imported into the country three years prior to update :		162,870 (AMP Net Mapping Project)	

Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2014 phase 2 rolling distribution according to security situation	2.2 million	2.2 million GF R8 phase 2	0		Micro planning	30.04.2014
ANC							
EPI							
Totals	N/A	2.2 million	2.2 million	0			N/A

Update on March 7th AMP conference call:

- Current in country mission is ongoing (implementation and logistics)
- Sitrep attached to the minutes of this week's call
- By the end of December 2017, health region 7 distributed 797,164 LLINs. Distribution of 850,000 LLINs in RS4, 5 and 6 by the IFRC is scheduled to be completed by mid-April 2018.
- Review of micro plans completed
- Dissemination of radio messages ongoing
- Briefing campaign implementation partners and mission teams on organizing the advocacy meetings and observing security measures
- Cluster health and shelter meetings to strengthen communication on the issue of LLIN availability and to advocate for cluster partners multi-faceted support
- Advocacy with 4 MSF sections (Spain, Belgium, France and Holland) to support the distribution of LLINs in their respective areas
- Update of documents and tools: the logistics, programmatic action plan of the campaign and all the training tools (manual, agenda, monitoring-evaluation sheets, report template, post-test, key messages, practical exercises and role plays), LLIN traceability and financial management are fully reviewed, amended and updated.

Chad:

Population at risk of malaria in Tchad :		11,410,000 (World Malaria Report, 2012)					
Required LLINs :		6,338,889					
LLINs imported into the country three years prior to update :		8,577,547 (AMP Net Mapping Project)					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2014 TFM to cover 9 regions out of 11	8,177,640	8 151 792	146 943			03.04.13

Continuous distribution	2013 routine distribution only		762,941				
ANC							
EPI							
Totals	N/A	8,177,640	7,148,020	1,792,561			N/A

Update on March 7th AMP conference call:

- Request for support for evaluation of campaign as agreed with Global Fund.
- WHO was going to do it but now not possible so looking for AMP to support process evaluation as long as it's not the same consultants in place that supported the campaign planning
- Looking for AMP to support and putting out a call for consultants

Congo Brazzaville:

Population at risk of malaria in Congo Brazzaville:							<i>(World Malaria Report)</i>
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Received request from GF to review the budget after the meetings with LFA in Brazzaville, especially the items concerning the supply chain, as GF considered cost per net to be too low
- Review allowed AMP to recommend that they work at looking at charges on moving bales in and out of warehouses at the three levels. Also had to recalculate storage costs.
- Review has been sent back to the GF.
- Getting requests for feedback after AMP missions from the GF to check on whether recommendations are being followed: need to figure out a mechanism with UNOPS to ensure that requests for distance support are taken into account at the TA contracting level
- Signing of final grant underway
- TA support is obligatory within their grant

DRC:

Population at risk of malaria in DRC :	<i>67,730,000 (World Malaria Report, 2012)</i>
Required LLINs :	<i>37,627,777</i>
LLINs imported into the country three years prior to update :	<i>30,803,765 (AMP Net Mapping Project)</i>

Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Rolling region by region – 2010-2012	35 million	19,094,251	13,445,599	2.3 million\$		03.04.13
ANC							
EPI							
Totals	N/A	35,000,000	19,094,251	13,445,599			N/A

Ongoing issues:

- AMP has been asked to support DRC with the PR transition – minister is not supportive of external technical support at this time
- Might need help with a process evaluation
- PMI is funding a 3 million ITN distribution in Kasai Oriental which AMP will work to develop a TA plan for

Ethiopia:

Population at risk of malaria in Ethiopia: <i>(World Malaria Report, 2012)</i>							
Required LLINs :							
LLINs imported into the country three years prior to update : <i>(AMP Net Mapping Project)</i>							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on March 7th AMP conference call:

- AMP mission to support process evaluation is in contractual stage with UNOPS
- Worked out ToR for process evaluation sent to country - Final document approved by country.
- Tentative starting March 15th for two weeks looking at campaign, way it was organised, with national and local level interviews.
- Around 10th April is date for submitting final process evaluation report
- Desk review is taking place prior to mission in country
- GF and PMI to join the mission and doing the observation part

Ghana:

Population at risk of malaria in Ghana :		25,000,000 (World Malaria Report, 2012)					
Required LLINs :		13,888,888					
LLINs imported into the country three years prior to update :		15,780,153 (AMP Net Mapping Project)					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Door-to-door stand alone hang up campaigns completed in 2012	13 million		0			03.04.13
ANC							
EPI							
Totals	N/A	13 million		0			N/A

Update on March 7th AMP conference call:

- Mass campaign: 4'000 tablets in country and waiting for more to be procured
- On track with mass campaign implementation schedule
- NMCP and VW have troubleshot issues identified in the pilot and now waiting for full scale up

Liberia:

Population at risk of malaria in Liberia :		4,130,000 (World Malaria Report, 2012)					
Required LLINs :		2,294,444					
LLINs imported into the country three years prior to update :		2,896,136 (AMP Net Mapping Project)					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Planned country wide mass distribution (last quarter of 2014)	2,195,796	1,159,089 GF 289,280 surplus from routine LLINs	169,726		Logistics and Implementation TA	09.10.13
ANC			577,700 USAID-PMI				
EPI							
Totals	N/A	2,195,796	2,026,069	169,726			N/A

Update on March 7th AMP conference call:

- Sitrep attached to the minutes of this week's call
- The new government is still in a transition mode and has yet to appoint/approve the MOH Minister and Deputy Ministers.
- Approximately 2.6 million LLINs will be distributed with the objective of achieving universal coverage of the entire population in the country's 15 counties.
- The 15 counties confirmed to have received their (macro) planned LLINs.
- NMCP/MOHSW ensures the normative guidance and is responsible for procurement of the LLINs, as well as coordination, supervision and monitoring of the campaign.
- PLAN International (PR) and seven (7) contracted Service Providers to implement the campaign.
- The AMP TA mission was asked and accepted to extend its mission beyond original end date of March 13, 2018;
- NMCP, Plan, USAID/PMI coordination meeting on Wednesday February 28, to review HHA implementation and achievement;
- Weekly conference call on Friday, March 2;
- Visit Monrovia warehouse with presence of PSM;
- Meeting with transport companies selected for the movement of nets from County to District warehouses to clarify roles and responsibilities and understand/agree on tracking system.
- The Priorities of the TA continue to be oversight of implementation of key activities during this period:
- Implementation of the Household Assessment (HHA) & Vouchers distribution,
- HHA data processing, consolidation and analysis, and
- LLINs movement from Counties to Districts and Districts to Health catchment areas.
- The HHA was extended four days for some Counties.
- Household assessment is 100% completed in 9 counties: Grand Kru, River Gee, Grand Cape Mount, Gbarpolu, Maryland, Bomi, Nimba, Margibi, Rivercess.
- The remaining 6 Counties are expected to be completed by Wednesday March 7, 2018: Grand Bassa, Montserrado, Lofa, Bong, Grand Gedeh, Sinoe.
- The 14 counties with some or all their data entered so far are: Margibi, Bomi, Nimba, Grand Gedeh, Sinoe, River Gee, Lofa, Gbarpolu, Montserrado, Bong, Grand Kru, Grand Bassa, River Cess, Grand Bassa
- Some Counties have data not yet entered into the excel template or the online database while some have entered into the excel template but not yet into the online system.
- The HHA County Summary Data entered in the system as of March 6, 2018:
 - o Counties for which data has been entered in the system = 14 (out of a total of 15)
 - o Households = 536,493 (58% of the micro plan projections)
 - o Population = 2,135,753 (46% of the micro plan projections)
 - o Nets (pcs) required (for HHs & pop. entered) = 1,049,882 (41% out of the micro plan projections)
- Consideration was given to the idea of moving nets directly from county warehouses to health catchment areas and distribution points. However, given the limited time to review the transport plan and the contractual obligations constraint, the idea was discarded and movement of nets will follow its original plan:
 - o Phase I from County to District warehouses based on micro plan figures,
 - o Phase II from District warehouses to health catchment areas and DP based on household assessment figures
- Selected transporters District level are in process of signing their respective contracts,
- Transporters will require 15 days to move nets from county to districts and 7 days from districts to health catchment areas and distribution points,
- Meeting with transporters to discuss contract details and tools to be used during the movement of nets.

- The flow of HHR data to national level continue to be slow.
- Handover of nets from MoH to Plan and SRs has not yet taken place. This handover is crucial to start moving nets from Counties to Districts.
- MOH PCU communicated to Plan that administrative procedures will be complete by March 9 thus movement of net might not start before the week of March 12.
- The date of campaign launch has not yet been fixed.

Madagascar:

Population at risk of malaria in Madagascar : 19.176.420							
Required LLINs : 12 632 024 (10,653,567 campagne ; 1 678 457 routine et 300 000 SM)							
LLINs imported into the country three years prior to update : 11,236,039							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	National 106 districts		13,129,000				
ANC							
EPI							
Social Marketing							
Totals			13,129,000				

Ongoing issues:

- Madagascar is planning a National campaign, 13,129,000 nets in 106 of the 114 districts of the country.
- Two donors: PMI (6 M nets) and GF (7.1 M Nets)
- PMI nets: one contractor (PSM) and one sub-contractor (PSI)
- GF nets: two PRs – PSI and UCP
- For both distributions, DLP is lead organization and face of the campaign
- Distribution planned for July/August (PMI nets) and September (GF nets)
- The next phase of AMP support in country is planned for late March
- Finalising budget
- Sent back out plan of action
- Meeting on Friday to validate it all
- LLIN focal point to be recruited for 7 months – waiting for feedback from GF
- IRS needs to move as a priority

Malawi:

Population at risk of malaria in Malawi :		<i>15,400,000 (World Malaria Report, 2012)</i>					
Required LLINs :		<i>8,555,556</i>					
LLINs imported into the country three years prior to update :		<i>9,040,385 (AMP Net Mapping Project)</i>

ANC							
EPI							
Totals	N/A	800,000					N/A

Update on March 7th AMP conference call:

- GF country team in Malawi
- NTF is meeting tomorrow and finalising the implementation strategy based on GF feedback
- List of microplanning informations to be collected by districts before MP workshop shared to NMCP and the district started collecting the informations
- Working on Microplanning Template
- Working on NTF capacity building agenda
- Working on Microplanning ToT agenda
- Call to discuss quality control of HHR tomorrow
- Next steps:
 - Finalise the Macro budget
 - NTF capacity building
 - Microplanning ToT
 - Microplanning workshop in 29 districts divided in 5 zones
- AMP technical TA travelling to Malawi next week, and logistics and communications TA being identified

Mali:

Population at risk of malaria in Mali :		15,880,000 (World Malaria Report, 2012)					
Required LLINs :		8,822,222					
LLINs imported into the country three years prior to update :		5,888,050 (AMP Net Mapping Project)

EPI							
Totals							

Update on March 7th AMP conference call:

- AMP had meeting with the Pakistan team in Geneva at the time of the AMP Partners' meeting and discussed needs for support with the country team and the Global Fund
- Shared ToR templated with the country to discuss further needs and try to put TA through CRSPC UNOPS in country
- Need support with both macro and micro planning for campaigns in 2018
- Global Fund has made a request for technical assistance, as soon as possible, for DOMC and The Indus Hospital, the two GF malaria PRs.
- The country is planning to do mass distributions in Q2 and Q3 2018, and these will be their first large mass distributions.
- Budget available is 10 cents per net ! Not sure how that got approved – misunderstanding on needs from country and from Global Fund outside of focus that is being put on Sub Saharan Africa. May need to change scope of their campaign.
- Puts country under a huge amount of risk and accountability.
- Agreed on changes required to CMA report

Tanzania:

Population at risk of malaria in Sierra Leone :				<i>(World Malaria Report, 2012)</i>			
Required LLINs :							
LLINs imported into the country three years prior to update :)

Ongoing issues:

- As of yesterday, distribution to health facilities in 17th and final region
- Expecting to get 300'000 nets from PMI for distribution through health facilities until July
- Zanzibar community-based distribution: training in March and hoping to push nets out 4th week of March for community distribution

Togo:

Population at risk of malaria in Togo :	<i>6,150,000 (World Malaria Report, 2012)</i>
Required LLINs :	<i>3,416,667</i>

LLINs imported into the country three years prior to update : <i>3,009,135 (AMP Net Mapping Project)</i>							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Q4 2014 replacement campaign	3.9 million (national)	3.970.624 GFATM	None anticipated		Implementation and logistics	30.04.14
Continuous distribution	All routine services interrupted since 2011		Possible surplus from 2014 mass campaign if Lomé is not covered		Funds for continuous distribution available in R9 grant but no disbursement to date		
ANC							
EPI							
Totals	N/A	3.9 million	3.970.624	0			N/A

Ongoing issues:

- Togo has wrapped up distribution, but 2 regions were not covered by mass distribution (Golfe and Lomé)
- Now completed distribution in Golfe
- No plan currently for distribution in Lomé – no LLINs available

Uganda:

Population at risk of malaria in Uganda : <i>34,550,000 (World Malaria Report, 2012)</i>							
Required LLINs : <i>19,194,444</i>							
LLINs imported into the country three years prior to update : <i>12,480,685 (AMP Net Mapping Project)</i>							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Two phases: P1 completed – May 2010-January 2011 (7,293,689 LLINs distributed) ; P2	19.64 million	11,653,054 (11,003,054 from GFATM Rd7 Phase II and 650,000 from USAID/PMI)	4 million		Implementation	03.04.13

	distribution planned to start in 2013						
ANC	PMI supported ANC distribution ongoing in approx. 40% of the country						
EPI							
Totals	N/A	19.64 million	11,653,054	4 million			N/A

Ongoing issues:

- Kampala was being covered late January and early February
- 10.5 million AMF nets have gone out
- Uganda NMCP confirmed the date of the final AMF 1.5m net distribution will go out over the weekend of March 17th/18th. Just leaves 0.7m nets to go to GF regions.
- Post distribution work due to start led by Malaria Consortium
- PBO study on track led by Liverpool School – longer study due to delay in final pieces of the net distribution. Looking at effectiveness of this last phase of distribution. End of study pushed back as nets are to be monitored for 12 months.

Zambia:

Population at risk of malaria in Zambia :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals	N/A						

Ongoing issues:

- Nets are in country
- Distribution of 3 million AMF nets – 2.2 million nets still remaining – process for that is being completed.

WARN countries where update provided listed below. NB: This does not include all WARN countries.

WARN country updates provided on March 7th AMP call: None

Gambia:

Population at risk of malaria in Gambia :				1,780,000 (World Malaria Report, 2012)			
Required LLINs :				988,889			
LLINs imported into the country three years prior to update :				1,181,386 (AMP Net Mapping Project)
