

AMP The Alliance for Malaria Prevention

Expanding the ownership and use of mosquito nets

AMP Conference call minutes: www.allianceformalariaprevention.com

23rd May 2018

Dial-in number: +1-213-787-0529
USA toll-free: 888-808-6929
Access Code: 3904916

If you wish to be added to or taken off this mailing list please contact: melanie.caruso@ifrc.org

Do you have a topic / issue / country specific update to share with the AMP partnership? Send a summary of the topic you would like to discuss to: jason.peat@ifrc.org or melanie.caruso@ifrc.org and we will schedule your update at the start of an upcoming AMP conference call.

Agenda – May 23rd AMP conference call

Chair : Melanie Caruso

Rapporteur : Melanie Caruso

- Introductions
- Review of minutes from last week's AMP conference call
- Country Updates
- Working Group Updates
- AOB

Next conference call: Wednesday, 30th May 2018 10:00 EST, 14:00 GMT / UTC, 16:00 CET

Participants:

AMF:

AMP participants: Melanie Caruso, Miko Thomas, Eric Phollet, Yves Cyaka, Jeronimo Zandamela

BASF:

Alex Heimsch

Buy a Net:

CDC / PMI:

CRS:

Zainab Ali

Disease Control Technologies:

Global Health Partners:

Global Fund:

IFRC:

Marcy Erskine

Independent participants:

Intelligent Insect Control:

IPHA:

JC Flowers Foundation:

JHU Centre for Communications:

Hunter Harig, Andrea Brown

JSI:

LSHTM:

MCDI:

 WHO:
 World Vision:

General updates:

AMP working group updates:

Country support working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

Current AMP TA missions :

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Cameroun	Implementation and Logistics	CRSPC/UNOPS	May 2018
Pakistan	Implementation	CRSPC/UNOPS	May 2018

Planned AMP TA missions 2018:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Nigeria	Implementation, Logistics and Communications	CRS	Continuous 2018
Malawi	Implementation, Communications and Logistics	AMP	Continuous 2018
Madagascar	Implementation, Communications and Logistics	AMP	Continuous 2018
Ethiopia	Implementation	CRSPC	June 2018
DRC	Implementation and Logistics	AMP	Continuous 2018
Cameroun	Implementation and Logistics	AMP	May 2018
Congo	Implementation and Logistics	AMP	TBC

Brazzaville			
Pakistan	Implementation, Communications and Logistics	CRSPC	TBD

Completed AMP TA support (distance and in-country) in 2018:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
CAR	Implementation	IFRC	February – March 2018
	Logistics	IFRC	February – April 2018
	Implementation	IFRC	March – April 2018
Ethiopia	Process evaluation	CRSPC/UNOPS	March-April 2018
Liberia	Logistics	AMP	February - March 2018
	Implementation	AMP	February - March 2018
	Implementation	AMP	April – May 2018
Madagascar	Implementation	AMP	January 2018
	Logistics	AMP	January 2018
Malawi	Implementation	AMP	March-April 2018
	Logistics	AMP	March-April 2018
Nigeria	Implementation	CRS/AMP	April – May 2018
Pakistan	Logistics	CRSPC/UNOPS	April 2018
Total # of countries supported by AMP in 2018 (in-country):		7	

Emerging issues working group:

Co-chairs: Joe Lewinski – PSI jlewinski@psi.org ; Caroline Desrousseaux VF - cde@vestergaard.com)

- Sent updated container storage document to John Milliner (Net Mapping) to be forwarded to the LLIN suppliers' attention
- David Gittelman worked with CDC to update the list of central research questions
- Objective with manufacturers is to get them to agree on what are the questions we need to answer
- Collect grey literature and convene a technical working group to pull out recommendations and next steps

Monitoring, Operational Research, and Evaluation (MORE) working group:

Co-chairs: (David Gittelman - CDC/PMI dmg1@cdc.gov and Elizabeth Ivanovich UNF - eivanovich@unfoundation.org ; Mame Birame – USAID/PMI Senegal mdbdiouf@usaid.gov)

- Call took place on Monday to look at rapid monitoring issues
- M&E chapter revisions ongoing

Net mapping project working group:

Chair: John Milliner – Milliner Global Associates jemilliner@gmail.com and Cedric Mingat PSI - cmingat@psimali.org

- No update

Toolkit and Training working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

- 2 trainings in November (English and French) are being planned
- EN: November 5-9th
- FR: November 26-29th
- Prioritizing 8 countries
- Agenda under development trying to flesh out how to approach the regional workshops
- COE guidelines is being finalized
- Communications chapter is being edited – close to finalization.
- First draft of microplanning update is available

Resource Mobilization working group:

Jason Peat – IFRC Jason.peat@ifrc.org, Drake Zimmerman – Rotarians Action Group on Malaria drakezim@gmail.com and Jessica Rockwood – IPHA rockwood@iphadvisors.com

- No update

AMP ‘ACTIVE COUNTRIES’

Countries where AMP is currently providing technical assistance via in-country missions or distance support.

AMP ‘Active Countries’ updates provided on May 23rd AMP call: Benin, Burundi, Cameroun, CAR, Ethiopia, Liberia, Madagascar, Malawi, Nigeria, Pakistan, Uganda

Angola:

Population at risk of malaria in Angola :				19,600,000 (World Malaria Report, 2012)			
Required LLINs :				10,888,888			
LLINs imported into the country three years prior to update :				4,850,646 (AMP Net Mapping Project)			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Phased approach by province – 1LLIN/2 people - 2013	11,700,000	7,484,312	3,669,125		Implementation , Logistics	03.04.13
ANC							
EPI							
Totals	N/A	11,700,000	7,484,312	3,669,125			N/A

Ongoing issues:

- PSI finished off campaign activities and now supporting some continuous distribution activities

Benin:

Population at risk of malaria in Benin				10,328,934 (2014 population)			
Required LLINs :				5,738,297			
LLINs imported into the country three years prior to update :				4,845,882 (AMP Net Mapping Project)			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	National universal coverage replacement campaign	5,738,297	6,050,272 (GF 5.245.272, USAID 280.000)	0		Logistics and longer term coordination	16.07.14
ANC							
EPI							
Totals	N/A	5,738,297	6,050,272	0			N/A

Update on May 23rd AMP conference call:

- Aiming at June timeline for interviews and post campaign evaluation.
- Finalise tools and questionnaires, as well as methodology on how to roll it out
- Need to get national consultant hired to support the post campaign activity

Burkina Faso:

Population at risk of malaria in Burkina Faso				19.5 million			
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- AMP provided support with 2018-2020 grant – BF want to continue discussions around the strategy for their campaign scheduled in 2019
- Want to avoid a multimillion net gap like in past campaigns

Burundi:

Population at risk of malaria in Burundi :				<i>6,690,000 (World Malaria Report, 2012)</i>			
Required LLINs :				<i>3,716,667</i>			
LLINs imported into the country three years prior to update :				<i>4,433,813 (AMP Net Mapping Project)</i>			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	UC 1.8 ratio Feb/March 2014	5,165,200	5,158,410	6,790		Implementation , Logistics	03.04.13
ANC							
EPI							
Totals	N/A	5,165,200	5,158,410	6,790			N/A

Update on May 23rd AMP conference call:

- Finalising GF application and working on timelines of next campaign following GF mission last week
- GF has asked the country to write up their experience on their payment system
- GF is interested in looking at other countries' payment systems to put together payment options for countries going forward – this issue will be brought forward within the AMP Country Support Working Group to gather lessons learned on behalf of the partnership

Cameroun:

Population at risk of malaria in Cameroun :				<i>22,250,000 (World Malaria Report, 2014)</i>			
Required LLINs :				<i>12,361,111</i>			
LLINs imported into the country three years prior to update :				<i>1,537,744 (AMP Net Mapping Project)</i>			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	UC March 2015	12,322,059	12,322,059 (GF)	0		Implementation and Logistics	24.03.2015
ANC							
EPI							
Totals		12,	12,	0			

		322,059	322,059				
--	--	---------	---------	--	--	--	--

Update on May 23rd AMP conference call:

- Sitrep attached to the minutes of this week's call
- Cameroon is planning to implement its third mass LLIN distribution campaign in 2019.
- Plan to distribute 14,697,104 LLINs (PBO and standard LLINs).
- 10 931 571 mosquito nets will be financed by the Global Fund and 3 765 533 LLINs will be financed by the Cameroonian government.
- AMP TA for implementation and logistics planning are in country
- Before the arrival of the consultants, the NMCP had already worked on some elements of macroplanning. The team had already worked on the macro budget during the concept note development, the chronogram of the campaign, has already quantified the need for mosquito nets and their distribution by region and decided to lead the campaign in three phases.
- The team has also already placed the request for the LLIN purchase order
- The TA providers will focus this mission on the following elements.
 - o Campaign plan of action
 - o Logistics plan of action
 - o Macro quantification
 - o Review of campaign timelines
 - o Budget review
 - o Review and revise past campaign materials
- The campaign is planned to take place in 3 phases:
 - o Phase 1: Regions: Est, Nord-Ouest, Ouest, Sud, Sud-Ouest - total 4.658.369 LLINs. Distribution planned from 15 February 2019
 - o Phase 2: Regions: Adamaoua, Extreme-Nord, Nord - total 5.111.288 LLINs Distribution planned from 15 May 2019
 - o Phase 3: Regions: Littoral and Centre: 4.927.447 LLINs. Distribution planned from 15 August 2019
- Microplanning to be conducted in phases – 1st phase 4 months prior to distribution of phase 1. Microplanning workshop to be conducted over 4 days at regional level supervised by central level.
- Household registration will be done in 3 phases and by groups of two – 30 HH/day in rural area, 35 HH/day in urban areas over an 8-day period
- One voucher = one net
- Specific approach to be elaborated for urban areas. 4 days distribution in rural and 6 days in urban areas
- Specific approach for 4 insecure regions (Extreme-Nord, Nord-Ouest, Nord, Adamaoua)
- No plans for communicating differently around standard and PBO nets
- PBO LLINs Cameroun: 653 665 LLINs (Région de l'EST); 170 644 LLINs (Refugee camps)

Central African Republic (CAR):

Population at risk of malaria in CAR :		<i>4,490,000 (World Malaria Report, 2012)</i>					
Required LLINs :		<i>2,494,445</i>					
LLINs imported into the country three years prior to update :		<i>162,870 (AMP Net Mapping Project)</i>					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2014 phase 2 rolling distribution	2.2 million	2.2 million GF R8 phase 2	0		Micro planning	30.04.2014

	according to security situation						
ANC							
EPI							
Totals	N/A	2.2 million	2.2 million	0			N/A

Update on May 23rd AMP conference call:

- IFRC has distributed about 65'000 out into HHs over the last distribution phase
- Still significant insecurity within the areas where distribution is currently taking place
- Problem in one area where there is a new armed group that had not been accounted for in microplanning
- 6 bales of nets stolen at check points
- Air transport is complete and distribution of 41'000 nets should start in that area on first week of June
- All IFRC distribution should be complete by end of June to allow for closure of the grant.
- World Vision responsible for 18 district after June.

Chad:

Population at risk of malaria in Tchad :		<i>11,410,000 (World Malaria Report, 2012)</i>					
Required LLINs :		<i>6,338,889</i>					
LLINs imported into the country three years prior to update :		<i>8,577,547 (AMP Net Mapping Project)</i>					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2014 TFM to cover 9 regions out of 11	8,177,640	8 151 792	146 943			03.04.13
Continuous distribution	2013 routine distribution only		762,941				
ANC							
EPI							
Totals	N/A	8,177,640	7,148,020	1,792,561			N/A

Ongoing issues:

- Request for support for evaluation of campaign as agreed with Global Fund.
- WHO was going to do it but now not possible so looking for AMP to support process evaluation as long as it's not the same consultants in place that supported the campaign planning
- Looking for AMP to support and putting out a call for consultants
- Please find the link to access to the TOR for the recruitment of the international consultant for mass campaign evaluation. Please share it anyone who might be interested.
- For UNDP staff : <http://procurement-notices.undp.org/> ID 44571
- For non UNDP staff : <http://procurement-notices.undp.org/search.cfm>.

Congo Brazzaville:

Population at risk of malaria in Congo Brazzaville:							<i>(World Malaria Report)</i>
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- CRS signed the grant with GF

DRC:

Population at risk of malaria in DRC :							<i>67,730,000 (World Malaria Report, 2012)</i>	
Required LLINs :								<i>37,627,777</i>
LLINs imported into the country three years prior to update :								<i>30,803,765 (AMP Net Mapping Project)</i>
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update	
Mass distribution	Rolling region by region – 2010-2012	35 million	19,094,251	13,445,599	2.3 million\$		03.04.13	
ANC								
EPI								
Totals	N/A	35,000,000	19,094,251	13,445,599			N/A	

Ongoing issues:

- Initial discussion on support to PMI region in Kasai Oriental to take place
- PMI is funding a 3 million ITN distribution in Kasai Oriental which AMP will work to develop a TA plan for
- AMF working on distribution for first quarter of next year
- GF working on selection of PR which will have incidence on who distributes the AMF nets

- 2 to 3 million nets to start off with as part of the rolling campaign. Not yet decided whether they will be PBO nets or not.

Ethiopia:

Population at risk of malaria in Ethiopia:				<i>(World Malaria Report, 2012)</i>			
Required LLINs :							
LLINs imported into the country three years prior to update :				<i>(AMP Net Mapping Project)</i>			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on May 23rd AMP conference call:

- Final report just submitted from the completed AMP mission to support process evaluation
- GF is on mission this week in country
- Second AMP mission to Ethiopia to use recommendations to develop their new macro strategy is planned for the last 2 weeks of June.

Gambia:

Population at risk of malaria in Gambia:				<i>1,780,000 (World Malaria Report, 2012)</i>			
Required LLINs :							
LLINs imported into the country three years prior to update :				<i>1,181,386 (AMP Net Mapping Project)</i>			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2014 replacement campaign		746,000				30.04.14
ANC							
EPI							
Totals	N/A		746,000				N/A

Ongoing issues:

- Made request for TA but not sure of timing of it. GF following up

Ghana:

Population at risk of malaria in Ghana :		25,000,000 (World Malaria Report, 2012)					
Required LLINs :		13,888,888					
LLINs imported into the country three years prior to update :		15,780,153 (AMP Net Mapping Project)					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Door-to-door stand alone hang up campaigns completed in 2012	13 million		0			03.04.13
ANC							
EPI							
Totals	N/A	13 million		0			N/A

Ongoing issues:

- Scaling up the mass campaign - Completed Volta and Eastern region
- Scaling up Western, Central, Southern and Northern regions - Registration starts 10th May
- Will be overlaps with the region moving forward in moving the tablets region by region

Liberia:

Population at risk of malaria in Liberia :		4,130,000 (World Malaria Report, 2012)					
Required LLINs :		2,294,444					
LLINs imported into the country three years prior to update :		2,896,136 (AMP Net Mapping Project)					
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Planned country wide mass distribution (last quarter of 2014)	2,195,796	1,159,089 GF 289,280 surplus from routine LLINs	169,726		Logistics and Implementation TA	09.10.13

ANC			577,700 USAID-PMI				
EPI							
Totals	N/A	2,195,796	2,026,069	169,726			N/A

Update on May 23rd AMP conference call:

- Still distributing nets - in certain areas distribution had to be continued beyond the original timeframes as there have been issues with uptake.
- Agreement that although some areas have not reached high coverage, the distribution will continue only until end of May, and will close after that.
- Trying to move sites closer to people.
- Financial implications and net reversal: some parts of the distribution have had to be completed for free.

Madagascar:

Population at risk of malaria in Madagascar : 19.176.420							
Required LLINs : 12 632 024 (10,653,567 campagne ; 1 678 457 routine et 300 000 SM)							
LLINs imported into the country three years prior to update : 11,236,039							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	National 106 districts		13,129,000				
ANC							
EPI							
Social Marketing							
Totals			13,129,000				

Ongoing issues:

- Follow up on ToRs for next mission end May/June
- Changes in the malaria control programme staffing
- Registration has taken place
- PMI looking at data coming in and there is huge inflation of the numbers in comparison to the most recent census. Millions more nets would be needed to fill the gap that is currently emerging. Strategy decisions need to be taken on short notice to resolve this issue.

Malawi:

Population at risk of malaria in Malawi :	15,400,000 (World Malaria Report, 2012)
Required LLINs :	8,555,556

LLINs imported into the country three years prior to update : 9,040,385 (AMP Net Mapping Project)							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Need to fill remaining gap from 2012 mass distribution	800,000					10.04.13
ANC							
EPI							
Totals	N/A	800,000					N/A

Update on May 23rd AMP conference call:

- AMP met with GF last week to discuss what we are looking for with the supply chain, and look at significant number of PBO nets coming in and how to deal with them.
- Standard nets destined for district x, and PBO nets destined to district y – need to have separate management and stock sheets
- Need to get clarity on who does what at each level of the supply chain. AMP has worked on the table that is required for logistics providers from point of delivery to reverse logistics and returning nets to suppliers.
- Have not been able to get volume of the bales – asked GF for information
- Want to limit amount of storage happening at distribution points.
- Are PBO nets going to be coming out without individual packages – no one has an answer yet to this question...

Mali:

Population at risk of malaria in Mali : 15,880,000 (World Malaria Report, 2012)							
Required LLINs : 8,822,222							
LLINs imported into the country three years prior to update : 5,888,050 (AMP Net Mapping Project)							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Roll out by region – UC 1 LLIN/2 people 2012	8.67 million	4.5 million	4,473,801	7,981,194\$		03.04.13
Continuous distribution				695,126			

ANC							
EPI							
Totals	N/A	8.67 million	4.5 million	5,168,927	7,981,194		N/A

Ongoing issues:

- Koulikoro campaign happening in May

Nigeria:

Population at risk of malaria in Nigeria :		162,000,000 (World Malaria Report 2012)					
Required LLINs :		90,000,000					
LLINs imported into the country three years prior to update :		37,915,945 (AMP Net Mapping Project)

		distribution channel	per distribution channel	distribution channel	distribution channel	requested with date per distribution channel	recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on May 23rd AMP conference call:

- Ongoing implementation support to Pakistan for the month of May
- Sitrep attached to the minutes of this week's call
- Directorate of Malaria Control (DMC), Pakistan has been distributing LLINs to achieve universal coverage in highest endemic districts (API>10) through the support of The Global Fund.
- Since 2015, Pakistan has been distributing nets through periodic mass campaigns, while there has been simultaneous continuous distribution of LLINs through antenatal services (ANC), which aims to promote antenatal visits in targeted districts. As per Pakistan's National Malaria Strategy 2015-2020, DMC seeks to increase access to LLINs to 80% among people living in high-risk malaria areas. In 2018, The Global Fund NFR (Malaria) Grant, Pakistan, will distribute approximately 3.1 million LLINs in 12 high malaria burden districts through a mass LLINs distribution Campaign.
- Priorities of the TA mission: Work with DMC and Indus Health Network (IHN) on:
 - Revising Distribution Strategic Plan 2018 – 2020;
 - Develop macro-plans for 2018 distribution;
 - Develop micro-plans for 2018 distribution; and
 - Discuss and review feasibility of introducing IT technology in the distribution.
- Meeting was held with Director of DMC and WFP regarding availability of population figures at the village level.
- Meeting was held with PRCS regarding the utilisation of ICT for the HH registration. PRCS will be sending a communique detailing their assessment of the use of ICT for the campaign.
- Macro-planning working sessions have been held with DMC, IHN, WFP and PRCS.
 - o Tasks were assigned to different parties for the completion of the Action Plan;
 - o First draft of detailed timeline completed: Further input is required (especially for Communication and M&E activities) before finalisation.
 - o Template for global campaign budget has been developed and needs to be shared with DMC.
- Development of micro-planning templates.
- Preparation for and development of Agenda and tools for micro-planning workshop to be held on 23 and 24 May.
- Planned micro-planning sessions do not follow AMP recommendations, and thus may not have been budgeted sufficiently for detailed micro-planning workshops;
- 550 fixed distributions points may mean that large segments of the population will not have access to DPs. Redemption rate of vouchers could be very low.
- Training days for HH Registration and Distribution has been planned for 1 day. This is insufficient, especially given that this is the first mass distribution campaign to be held in Pakistan.
- Target of 70HH / day / volunteer for the HH registration may result in volunteer fatigue & poor quality of registration.
- Training of volunteers should be split between Registration and Distribution. i.e. 2 separate trainings.
- Micro-planning templates are being developed to meet the reality of what is being carried out by implementing partners.
- Micro-planning workshops will be held on 23/24 May. This will include participants from Federal and Regional DMC, IHN and implementing partners.
- Review of Action plan and detailed timeline
- Completion of Global Campaign budget.

Tanzania:

Population at risk of malaria in Sierra Leone :				<i>(World Malaria Report, 2012)</i>			
Required LLINs :							
LLINs imported into the country three years prior to update :)							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution						CMA	26.01.17
ANC							
EPI							
Totals							

Ongoing issues:

- Launch in Zanzibar – community-based distribution
- Expecting to get 300'000 nets from PMI for distribution through health facilities until July

Uganda:

Population at risk of malaria in Uganda :				<i>34,550,000 (World Malaria Report, 2012)</i>			
Required LLINs :							
<i>19,194,444</i>							
LLINs imported into the country three years prior to update :				<i>12,480,685 (AMP Net Mapping Project)</i>			
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	Two phases: P1 completed – May 2010-January 2011 (7,293,689 LLINs distributed) ; P2 distribution planned to start in	19.64 million	11,653,054 (11,003,054 from GFATM Rd7 Phase II and 650,000 from USAID/PMI)	4 million		Implementation	03.04.13

	2013						
ANC	PMI supported ANC distribution ongoing in approx. 40% of the country						
EPI							
Totals	N/A	19.64 million	11,653,054	4 million			N/A

Update on May 23rd AMP conference call:

- Contact AMF to see if country can give a presentation on PBO nets and distribution

Zambia:

Population at risk of malaria in Zambia :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals	N/A						

Ongoing issues:

- Nets are in country
- Distribution of 3 million AMF nets – 2.2 million nets still remaining – process for that is being completed.

WARN country updates provided on May 23rd AMP call: None

Guinea

Population at risk of malaria in Guinea :	12,132,795 (PMI, 2015)
Required LLINs :	6,949,395 (2016)

LLINs imported into the country three years prior to update : 3,502,437 (AMP Net Mapping Project)							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution	2016	6,949,395 (2016)		0			17.02.15
Continuous distribution	Under Round10 following mass distribution	949,391	347,000				
ANC							
EPI							
Totals	N/A	7,898,786	347,000	0			N/A

Ongoing issues:

- AMF is close to finalising agreement for nets for the campaign for distribution in April 2019 before the rainy season in May
- Number of AMF nets will depend on population analysis being done at the moment. Between 2.5 to 3.5 million nets to be procured to be determined when the results come in.
- Campaign co-funded by Global Fund, PMI and AMF.
- PR is CRS
- There is joint visit taking place week of May 14th.
- Filling the net gap has been a priority so far. Now looking into possibility of providing PBO nets with means of evaluating effectiveness.

Guinea Bissau:
