

The Alliance for **Malaria Prevention**

Expanding the ownership and use of mosquito nets

Review of AMP 2014 activities and opportunities through 2015

***“Celebrating 10 years of partnership: AMP’s role in
making investments work to achieve and sustain global
malaria objectives”***

AMP 2015 Partners meeting January 26th & 27th 2015
Geneva, Switzerland

AMP Positioning

*“The Alliance for Malaria Prevention is a multi-sectorial partnership **within Roll Back Malaria** supporting countries, in collaboration with working groups, to achieve Global Malaria Targets and the 2015 MDGs.”*

AMP Mission Statement

*“ The Alliance for Malaria Prevention (AMP) is a partnership focused on malaria prevention with LLINs, **both through mass distribution campaigns and through continuous distribution channels***
*.....AMP is uniquely positioned **to respond to country requests and to convene organizations** and individuals with common interests in scaling up and sustaining LLIN distribution”.*

AMP Three Core Activities

- 1) Partner coordination and advocacy related to LLIN distribution
- 2) Responding to country and partner requests for operational support with a focus on capacity building
- 3) Sharing operational guidance, documenting best practice in areas including: monitoring and evaluation, operations research, emerging issues, and tracking LLIN deliveries globally

AMP's Core Group & Five Working Groups

AMP Core Group (15 members from 12 organizations):

CDC-PMI, Crop Life (Vestergaard Frandsen), IFRC, International Public Health Advisors, JHU CPP, Milliner Global Associates, PSI, UN Foundation / Nothing But Nets, UNICEF, USAID-PMI, UNSE-MDGs, WHO

AMP's five working groups:

Country support: Marcy Erskine -IFRC marcy.erskine@ifrc.org

Emerging issues: Megan Fotheringham – USAID/PMI mfotheringham@usaid.gov

MORE: David Gittelman - CDC/PMI dmg1@cdc.gov / Elizabeth Ivanovich UNF - eivanovich@unfoundation.org ; Mame Birame – USAID/PMI Senegal mbdiouf@usaid.gov; / Sylvester Maleghemi – WHO, Nigeria tojumaleghemi@yahoo.co.uk

Net mapping: John Milliner- Milliner Global Associates – jemilliner@gmail.com

Toolkit: Hannah Koenker – JHU hkoenker@jhuccp.org ; Jessica Rockwood – IPHA jessicarockwood@verizon.net; Marcy Erskine IFRC – marcy.erskine@ifrc.org

Expanding the ownership and use of mosquito nets

AMP 2014 Highlights

- 1,032,484,774 LLINs delivered to countries globally since 2004 (source AMP Net Mapping Project).
- In 2014 new features on data representation include:
 - LLINs availability with 3 years deterioration 2004 – 2014
 - LLIN deliveries SSA vs. ROW 2009 - 2013
 - LLIN deliveries by region in SSA and donor 2012 - 2014
- EIWG work on ITN packaging, end of life, ITN misuse
- Updated AMP Flyer
- Started work on AMP toolkit version 3.0 (e-version)
- Introduced themed calls and revised the agenda of the weekly AMP conference calls

AMP 2014 Highlights

- Direct support to 16 countries and the distribution of more than 53 million LLINs in the areas of:
 - Implementation
 - Logistics
 - Communications
 - M&E
 - Support to LLIN distributions in complex emergencies (C.A.R.) and Ebola outbreak in Liberia
 - NFM concept note development
- Invested time with Global Fund to discuss what AMP needs Global Fund to do to best support our work
 - [Expanding the ownership and use of mosquito nets](#)

AMP 2015 Workplan – Activity 1 & 2

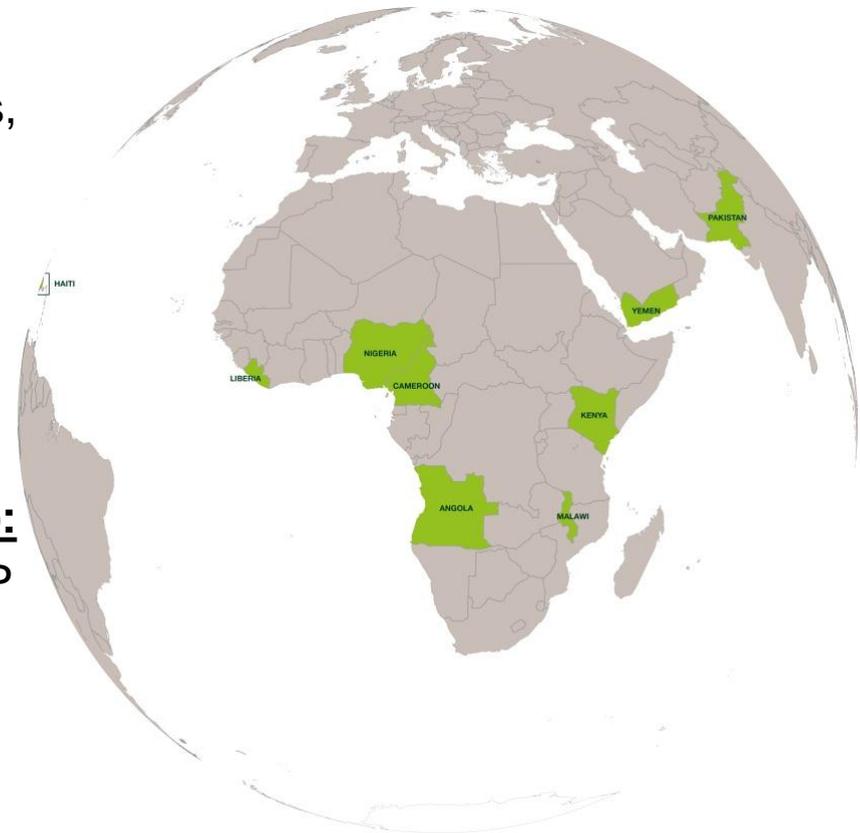

#1 Country support (USD 1,007,500) :

- Planned support to 9 countries and partners in four broad areas: implementation, logistics, monitoring and evaluation, and communication via both in-country and distance support
- 75% of AMP Senior Implementation Technical staff time

2 AMP TA Provider Training – (USD 55,000):

- Three day (Feb. 2nd – 4th) training for 15 AMP TA providers.
- Update of guidelines and materials to harmonize and improve the quality of AMP's support to countries

[Expanding the ownership and use of mosquito nets](#)

AMP 2015 Workplan – Activity 3 and 4

3 Annual Partners' meeting (USD 45,000):

- 2011 – 2014 has been supported by UN Foundation / Nothing But Nets
- At the 2015 Partners meeting we have over 100 participants representing more than 53 organizations
- Since 2011 AMP has coordinated partners meeting with VCWG

4 AMP Administrative Coordinator (USD 80,000):

- A vital role in coordinating technical assistance deployments, training, AMP weekly calls and website maintenance, annual meetings, reporting.
- 50% of AMP Administrative Coordinator staff time

AMP 2015 Workplan – Activity 5 & 6

5 AMP Net Mapping Project (USD 40,000):

- Organize quarterly requests; collect, analyse and distribute data; maintain and improve database; initiate and develop maps that can enhance the relevance of data; meet with net manufacturers individually to identify/resolve issues and to ensure strict confidentiality.
- In 2015 based on feedback from this meeting and supporting funding will be to expand the visualization of data from Net Mapping Project

6 AMP Conference call line and website (USD 20,000):

- AMP will enhance the website in 2015 (English and French)
- AMP continues to facilitate a weekly conference call and monthly working group calls.

AMP 2015 Workplan – Activity 7 & 8

7 AMP Core Group meeting (USD 3,000):

- Two day strategic planning meeting the week of August 17th, 2015 hosted by the Canadian Red Cross in Ottawa, Canada
- Objective of the meeting: Review progress to date of the annual AMP workplan and adjust activities for the remainder of the calendar year

8 Development of AMP toolkit version 3.0 (USD 25,000):

- Revision of chapters of AMP Toolkit 2.0 including: Communication, Continuous Distribution / Sustaining Gains, Coordination, Implementation, Logistics, Monitoring & Evaluation, Planning, Procurement
- Version 3.0 will be an e-version in English and French with possibly a small print run

AMP 2015 Workplan – Activity 9

9 AMP Working Groups (USD 0):

- Emerging Issues, MORE, Toolkit
- These groups are lead by dedicated individuals representing the various partner organizations within AMP
- Looking for a co-chair of the Emerging Issues working group (meeting Day 2 at lunch time). The working group has a very busy agenda in 2015 including:
 - LLIN Packaging
 - End of Life
 - Care and Repair
 - Identifying and prioritizing new emerging Issues

Opportunities for Partners' Support in 2015

| Activity | Budget (USD) |
|------------------------------------|---------------------|
| #1. Country support | \$ 1,007,500 |
| #2. Training | \$ 55,000 |
| #3. Annual partners' meeting | \$ 45,000 |
| #4. Administrative coordinator | \$ 80,000 |
| #5. Net mapping project | \$ 40,000 |
| #6. Conference call line & website | \$ 20,000 |
| #7. AMP core group meeting | \$ 3,000 |
| #8. AMP toolkit | \$ 25,000 |
| #9. AMP working groups | \$ 0 |
| Indirect costs (7.5%) | \$ 95,663 |
| Total | \$ 1,371,163 |

Opportunities 2015

- Contribute to the development of the next RBM Secretariate Partnership Work Plan (PWP) 2016 – 2017 which will be the initial period of the GMAP 2. Decisions on how AMP is positioned within this work plan.
- Resource mobilization for AMP's 2015 work plan
- Training of AMP TA providers will improve the quality and alignment of AMP's country support activities
- Linking data from the Net Mapping Project to different variables including: district level data, net durability, insecticide resistance
- Enhancing the website and development of AMP toolkit version 3.0

Opportunities 2015

- Country support decisions by the partnership on the type and duration of TA provided. Does AMP provide both TA and fill HR gaps within country level activities? Coordinating AMP TA with in-country partners.
- AMP's entry point in LLIN distributions and capacity to influence upstream decisions on LLIN procurement, insecticide resistance
- Agenda and frequency of AMP conference calls. We have worked on this issue in 2013 and 2014 but will continue to improve this principle point of contact for the partnership in 2015.

Opportunities 2015

- Analyzing the outcomes / costing of AMP Country Support in terms of advanced timeline of distribution, improved quality of distribution, reduction in the resulting number of malaria cases and deaths.
- Looking at the next big issues that countries will need to address in deciding on the package of malaria interventions and the role AMP can play
- AMP has always been our most productive and dynamic when faced with a new challenge the next “problem” to solve
- Can the AMP Partnership expand our scope to focus on achieving high quality delivery of other commodities / implementation strategies to reduce the burden of malaria?
