

The Alliance for **Malaria Prevention**

Expanding the ownership and use of mosquito nets

Review of AMP Mission Statement: Go Wider/Deeper/Higher!

Summary of Core Group and AMP Partnership Feedback on
AMP's Mission and Future Directions
(And Consensus on Global Fund Support Request)

AMP Annual Meeting, 06-07 2017

Background

- AMP Core Group Meeting August 2016: reviewed 2012 Mission Statement and thoughts on AMP's future directions
- Feedback organized into three areas:
 - **Go Wider** (e.g., expanded mission beyond LLINs)
 - **Go Deeper** (e.g., improve quality of current LLIN distribution support)
 - **Go Higher** (e.g., guide policy, lead global decision making)
- Solicited contributions from wider AMP partnership during AMP annual meeting February 2017

The Alliance for **Malaria Prevention**

Go WIDER!

CORE GROUP INPUTS 08/16	AMP PARTNERSHIP INPUTS 02/2017
Resolve malaria operational bottlenecks	Resolve operational bottlenecks beyond LLINs
Take new malaria prevention to scale quickly	Bring new malaria preventative technologies to scale
Ensure equitable access/reach everyone	Equitable access
Inform implementation of LLIN scale up	Expand info on LLIN scale up
Integrated malaria services/expanding scope of AMP:	Integrated malaria services/expanding scope of AMP (e.g., WASH, MNCH)
Partnership expansion	Coordination of groups/reduce duplication (e.g. combine LLINs and IRS)
Be the LLIN clearinghouse	

The Alliance for **Malaria Prevention**

Go DEEPER!

CORE GROUP 08/2016	AMP PARTNERSHIP MEETING 02/2017
Increase quality	Increase quality, efficiency of LLIN distributions
Generate and focus on evidence/increase monitoring	Support countries and capacity to generate evidence through research, communicate lessons learned
Mediate between donors & countries	Increasing ownership and nightly use of LLINs
Provide decision making tools to countries to help strategic process	More decision making tools for countries to support internal decision making process
Ensure internal capacity can match need for services	Support resistance monitoring for each campaign/link with entomologists to monitor vector behavior to inform LLIN choice
Expand LLIN use	More info on LLIN choice for mass & CD (type, color, size)
Assure quality of TA providers	Help countries decide between campaigns and CD

The Alliance for **Malaria Prevention**

Go HIGER!

CORE GROUP 08/2016	AMP PARTNERSHIP 02/2017
Guide policy	Increase partnership coordination
Build NCMP capacity	Support roll out of global decision making at local level
Better health through universal access	Work with manufacturers to promote response to insecticide resistance
	[Stay in going deeper and wider; not right platform to address resistance management]

Expanding the ownership and use of mosquito nets

Next Steps on revising AMP Mission Statement

- Overall: most interest for AMP to **Go Deeper**, followed by some support for **Go Wider**
 - **Go Higher**: seen more as WHO, RBM role
- Core Group to revise Mission Statement with these new inputs and circulate to partnership for comment

***AMP REQUEST TO ESTABLISH FORMAL MECHANISM FOR
GLOBAL FUND SUPPORT***

- Of 38 people who voted, 31 supported request
- Note: ensuring efforts support (not undermine) current collective efforts under RBM.
