The AMP Net Mapping Project

- Collects LLIN delivery data from all WHO approved net manufacturers (2004 – current)
- Develops quarterly reports on the number of nets delivered to countries
- Prepares maps showing global and country deliveries as well as in-country distribution of nets (where available)
- All information is on the AMP website and updated quarterly

LLINs delivered by Manufacturers to malaria endemic countries

10 years to reach the 1st Billionth nets delivered
5 years to reach the 2nd Billionth net delivered

Manufacturers supplying data to the project

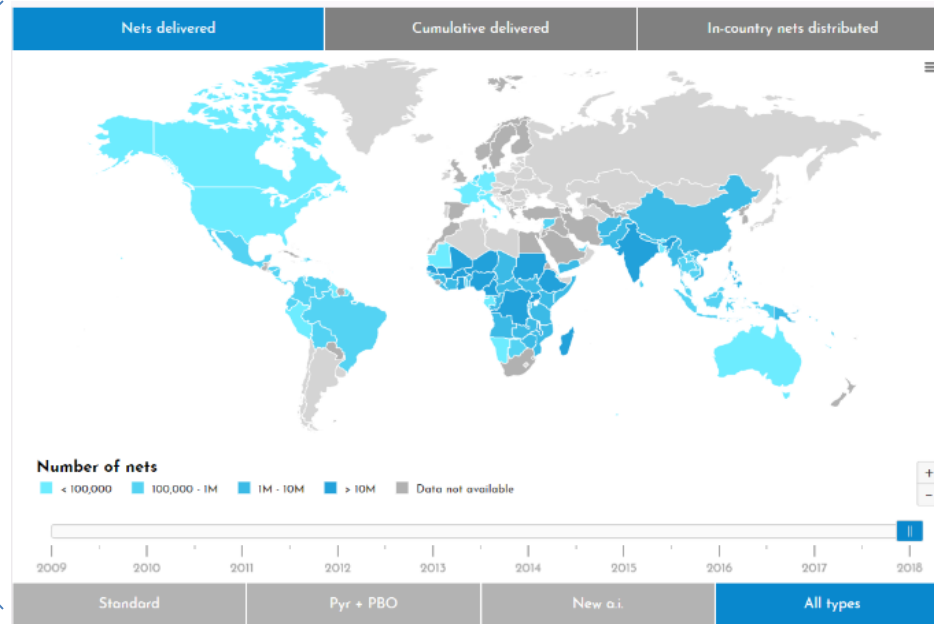

All WHO approved net manufacturers supply data to the project

Net mapping plans for 2020

1. Expand tracking to show nets by type

- Standard nets
- Pyrethroid plus PBO nets
- New active ingredient (dual) nets

Note: Requires approval of all manufacturers

2. Continue to populate in-country distribution maps
