

AMP The Alliance for Malaria Prevention

Expanding the ownership and use of mosquito nets

AMP Conference call minutes: www.allianceformalariaprevention.com

19th December 2018

Dial-in number: +1-213-787-0529
USA toll-free: 888-808-6929
Access Code: 3904916

If you wish to be added to or taken off this mailing list please contact: melanie.caruso@ifrc.org

Do you have a topic / issue / country specific update to share with the AMP partnership? Send a summary of the topic you would like to discuss to: jason.peat@ifrc.org or melanie.caruso@ifrc.org and we will schedule your update at the start of an upcoming AMP conference call.

Agenda – December 19th AMP conference call

Chair : Melanie Caruso

Rapporteur : Melanie Caruso

- Introductions
- Review of minutes from last week's AMP conference call
- Country Updates
- Working Group Updates
- AOB

Next conference call: Wednesday, January 9th 2018 10:00 EST, 14:00 GMT / UTC, 16:00 CET

Participants:

AMF:	Peter Sheratt
AMP participants:	
BASF:	
Buy a Net:	
CDC / PMI:	Anna Bowen
CRS:	
Disease Control Technologies:	
Friends of RAM:	Drake Zimmerman
Global Health Partners:	
Global Fund:	
IFRC:	
Independent participants:	
Intelligent Insect Control:	
IPHA:	
JC Flowers Foundation:	
JHU Centre for Communications:	Hunter Harig
JSI:	
MCDI:	
Milliner Global Associates:	John Milliner

 USAID / PMI: Lilia Gerberg
 VectorLink:
 VF: Aurelie Delbaere
 WHO:
 World Vision: Gagik Karapetyan

General updates:

AMP annual partners’ meeting 2019 – SAVE THE DATE:

- Dates have been set to 28-29th January 2019 for the next AMP Partners’ meeting in Geneva and will be held at the Movenpick Hotel.
- Registration is now open (contact melanie.caruso@ifrc.org if you have not received information on registration).
- Agenda circulated with the minutes of this week’s call

AMP working group updates:

Country support working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

Current AMP TA missions :

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates

Planned AMP TA missions 2019:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Nigeria	TBD	CRS	January 2019 Continuous 2019
Malawi	Post-campaign	AMP	Q1 2019
Madagascar	Post-campaign	AMP	Q1 2019
Gambia	Logistics	AMP	Q1 2019

Senegal	Implementation and Logistics	AMP	TBC
Cameroun	Implementation and Logistics	AMP	Continuous 2019
Congo Brazzaville	Implementation and Logistics	AMP	TBC 2019
Burkina Faso	Implementation, Communications and Logistics	AMP	January 2019

Total # of countries supported by AMP in 2018 (in-country):		14	

Emerging issues working group:

Co-chairs: **Joe Lewinski** – PSI (jlewinski@psi.org) and **Jessica Rockwood** – IPHA (jrockwood@iphadvisors.com)

- EIWG held a conference call last week – minutes will be shared with the partnership when finalised
- EIWG has scheduled a lunch time meeting during the 2019 AMP Partners meeting
- New issues in 2019 will be presented at the AMP meeting
- Meeting agenda for the Working group lunch – Emerging issues – STARTING AT 13:00 on 29th January 2019
 - Welcome / Intro into topics discussed in 2018 - 5 minutes
 - Intro to Container Storage - 5 minutes
 - Overview of Operational Challenges- 10 minutes
 - Overview of Net Integrity Challenges- 10 minutes
 - Discussion- 30 minutes
 - EIWG 2019- 10 minutes

Monitoring, Operational Research, and Evaluation (MORE) working group:

Co-chairs: **(Anna Bowen - CDC/PMI aqb0@cdc.gov and Elizabeth Ivanovich UNF - eivanovich@unfoundation.org)**

- Plans to assess household registration methods in Guinea ongoing

- Meeting agenda for the Working group lunch – MORE – STARTING AT 13:00 on 28th January 2019
 - Household registration for mass ITN distribution (details TBC)
 - Minimum Data Requirements for household registration and ITN distribution
 - Summary and next steps

Net mapping project working group:

Chair: John Milliner – Milliner Global Associates jemilliner@gmail.com

- Request for Q4 information going out

Toolkit and Training working group:

Chair: Marcy Erskine IFRC – marcy.erskine@ifrc.org

- No update

Resource Mobilization working group:

Jason Peat – IFRC Jason.peat@ifrc.org, Drake Zimmerman – Rotarians Action Group on Malaria drakezim@gmail.com and Jessica Rockwood – IPHA jrockwood@iphadvisors.com

- No update

AMP ‘ACTIVE COUNTRIES’

Countries where AMP is currently providing technical assistance via in-country missions or distance support.

AMP ‘Active Countries’ updates provided on December 19th AMP call: Angola, Burkina Faso, Cameroun, CAR, Gambia, Guinea, Madagascar, Malawi, Nigeria, Pakistan

Angola:

Population at risk of malaria in Angola :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on December 19th AMP conference call:

- Phase 4 distribution report to be shared to the AMP group soon

Benin:

Population at risk of malaria in Benin							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Lessons learned workshop held 26-28th September in Cotonou completed with positive feedback
- Final report to be shared

Burkina Faso:

Population at risk of malaria in Burkina Faso							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on December 19th AMP conference call:

- Distribution of about 12 million ITNs scheduled
- Multi product campaign planned
- TA planned for January 2019: January 14 (arrival in-country January 16) – February 6 (departure from country), 2019
- Deliverables to include updated logistics macro planning, including supporting transport and positioning plans ; updated logistics training packages following review of tracking tools ; microplans and micro transport plans (depending on timing of the activity) ; draft directives for management of leftover nets and reverse logistics
- SBCC/communications mission to also be organised concurrently with the logistics support

Cameroun:

Population at risk of malaria in Cameroun :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on December 19th AMP conference call:

- AMP TA providers mission is complete for 2018 – support in 2019 to different campaign phases will be continuous
- Cameroon is planning to implement its third campaign in 2019. It is planned to distribute 14,697,104 LLINs with standard PBO and LLINs to be distributed

Central African Republic (CAR):

Population at risk of malaria in CAR :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Update on December 19th AMP conference call:

- AMP TA in CAR supporting new PR World Vision
- Sitrep attached to the minutes of this week's call
- Continuation of TA services to the end of the year with World Vision and AMP and planning for continued support in January 2019

- World Vision is in charge of planning until December 2018 the mass distribution in the 14 remaining sub-prefectures without microplanning data: Haute-Kotto (03), Basse-Kotto (05) and Mbomou (06) – hard deadline under the grant of 31st December 2018
- Replacement campaign planned in 2019

Chad:

Population at risk of malaria in Chad :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Request for support for evaluation of campaign as agreed with Global Fund.
- WHO was going to do it but now not possible so looking for AMP to support process evaluation as long as it's not the same consultants in place that supported the campaign planning
- Looking for AMP to support and putting out a call for consultants
- Please find the link to access to the TOR for the recruitment of the international consultant for mass campaign evaluation. Please share it anyone who might be interested.
- For UNDP staff : <http://procurement-notices.undp.org/> ID 44571
- For non UNDP staff : <http://procurement-notices.undp.org/search.cfm>.

Congo Brazzaville:

Population at risk of malaria in Congo Brazzaville:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Congo's last mass distribution campaign was in 2012. To sustain the gains achieved in the past, the Ministry of Health will implement nationwide a mass LLIN replacement campaign to distribute LLINs to beneficiaries in July 2019.
- The Congo population estimated for the 2019 campaign at 5 031 242 is a projection derived from the 2007 census adjusted by a 2,6% annual increase. The GF accepted adding a 10% buffer in the LLIN needs quantification to compensate for possible projection uncertainties due to the time since the last census.
- Thus the result of dividing the population by 1,8 to provide 1 net for every 2 people (rounded up) and adding 10 % established a procurement need of 3 074 649 LLINs for the 2019 campaign which the Global Fund financed. Rectangular nets in bulk packaging conditioned in bales of 50 LLINs have been purchased and were scheduled for delivery to the Congo republic in late February 2019
- Catholic Relief Services (CRS) is the Global Fund principal recipient (PR) in support of the Congo NMCP for the 2019 LLIN distribution campaign.
- Distribution of LLINs to the population through an estimated 1,170 Distribution points is planned for the 3rd week of July 2019, before the rainy season.
- Congo is planning to have 12 Department level microplanning workshops with participants from the 51 districts and 2 members from each of the 350 health centre areas.
- Recent information from suppliers suggests that there could be an early delivery to Congo. The nets could arrive in mid-January and not end of February.
- Microplanning dates have been changed

DRC:

Population at risk of malaria in DRC :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Analysis is being conducted by AMF on whether to put next generation nets in one of the provinces of DRC in Sud-Ubangi in north west side of country
- AMF is figuring out what kind of monitoring could be done

- The Global Fund is funding nets in this area of DRC
- PMI interest in doing some entomology studies on that region potentially
- AMF is planning to support LLIN distribution at the end of the 1st quarter of 2019 in a region in Equator Province with 1.6 million LLINs and during the 2nd quarter Sud Ubangi Province with 1.9 million LLINs for a total of 3.5 million LLINs followed by further regions in 2020.
- At this time AMF does not have funds to fill the entire LLIN gap but are working to cover those gaps that AMF can support.

Ethiopia:

Population at risk of malaria in Ethiopia:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI

Ongoing issues:

Western Region

- Distribution completed. 93% coverage
- Post Distribution Validation and retrieval of tablets for 10th -14th September, 2018

Central Region

- Distribution completed. 92% coverage
- Post Distribution Validation and retrieval of tablets ongoing (27th – 31st August, 2018)

Northern Region

- Distribution completed. 94% coverage
- Post Validation and retrieval of tablets completed.

Upper East

- Pre Distribution validation ongoing (27th – 31st August, 2018)
- Distribution is slated for 18th – 25th September, 2018
- The dates for Post Validation and retrieval of tablets will be confirmed soon

Brong Ahafo

- LLINs to districts ongoing (27th – 31st August, 2018)
- DPA Training scheduled for 3rd - 4th September, 2018
- Distribution is slated for 5th to 11th September, 2018
- The dates for Post Validation and retrieval of tablets will be confirmed soon

Ashanti Region

- Informative and Regional Orientation has been scheduled for 3rd and 4th September, 2018 at the Regional Health Directorate Conference Room (Kindly find detailed schedule attached)

Greater Accra

- Informative and Regional Orientation has been scheduled for 17th September, 2018. (Kindly find detailed schedule attached)

Guinea

Population at risk of malaria in Guinea :							
Required LLINs :							
LLINs imported into the country three years prior to update :

Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

Update on December 19th AMP conference call:

- AMF providing 3.8 million nets with potential to increase by another million if new registration numbers warrant it. Nets on standby and ready to go if more needed
- Large discrepancies in the past between registration and population numbers.
- Campaign co-funded by Global Fund, PMI and AMF.
- PR is CRS
- Mass campaign 2019 scheduled to start 5th April
- Registration likely to be during 2nd half of January
- Looking at climate stats carefully so that new nets would go to regions that have not started rainy season
- Rains start May/June.
- Concerns on having too high buffers - each donor has its own buffer policy.

Liberia:

Population at risk of malaria in Liberia :							
Required LLINs :							
LLINs imported into the country three years prior to update :

Update on December 19th AMP conference call:

- Still consolidating distribution data and the number of nets remaining keeps going down - will have a clear picture in the next few days after the teams are done with data reconciliation.
- Based on the current revised road map, planning to have the lessons learnt process and report writing start the week of January 13th to 25th, 2019, and will need the TA during those 2 weeks.
- This will include lesson learnt workshop at District and national level, interviews with key personnel and partners involved in the campaign and any other methods that can help gather lessons from the campaign. Based on challenges from the previous campaigns to have final campaign report done in good time, the team is proposing to include an element of supporting report writing process in this TA.
- Detailed Scope of work to be shared by PMI by the end of this week.
- The plan is to have a full campaign report by the 31st January, 2019.

Mali:

Update on December 19th AMP conference call:

- 2019 campaign timelines are being discussed
- January support missions from AMP being move through CRSPC
- Undertake a process evaluation including but not limited to the macroplanning, microplanning, HHR and distribution of the 2018 mass ITN campaign in order to incorporate the perspectives and lessons learned from different campaign actors into the planning for the 2019 campaigns.
- Identify the critical areas that need to be addressed in the macroplanning, microplanning and implementation planning (logistics, M&E, SBCC) for inclusion in the 2019 planning.
- Prioritize the critical areas that need to be included so that a budget can be developed for those activities and they can be included from the outset to improve the quality of the campaign implementation.
- Suggest implementation arrangements for 2019 mass campaign based on the experiences of 2018 mass campaign.

Senegal / The Gambia:

EPI							
Totals							

Ongoing issues:

- Since 2000, the NMCP has developed different strategies and initiatives to improve the availability of mosquito nets in households and to promote its use.
- The first national universal coverage experience was implemented in 2010, and since then, the strategy has focused on sleeping spaces "a bed and a mosquito net".
- In 2016, instead of phased and regional campaigns, only one national distribution campaign was implemented covering the entire country at the same time.
- Between 2010 and 2016, Senegal distributed more than 19.3 million nets using targeted (> 5 years) and non-targeted methods
- Distribution to take place in April
- Cross border meeting took place in Banjul and final report has been shared

South Sudan:

Population at risk of malaria in South Sudan:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

Ongoing issues:

- Support mission in December is planned with focus on review of what they are doing
- It has taken them 3 years to roll out their campaign
- Need to look at options to accelerate their distribution
- Distribution planned in April and May next year
- Try to organise a COE meeting to look at cross interventions and operationalising the COE policy. To be followed up in the new year.

Tanzania:

Population at risk of malaria in Tanzania :
Required LLINs :

LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- School distribution ongoing - 10 regions completed - Mwanza and Mara are the latest.
- Ongoing - Kigoma is about 50% complete and Simiyu is about 70% complete
- To be completed this week (10/13)
- Remaining regions are Tabora and Katavi
- Nets just arrived for these two - 11 containers and 5 more to be received from the port.
- Expect to start distribution on October 22nd for these two regions. Will have completed all of SNP by end of November.
- Some PBO nets are meant for Health facilities and School net programs for one DC of Muleba, On arrival they will be received and stored in the Kegera Warehouse, then distribution will take place; the implication is the delay of SNP in the given Council and possible stock out at the health facilities that expect to receive them.
- This will be the first routine distribution of PBOs that we are aware of. It would be interesting to evaluate if trickling PBOs into communities is a useful strategy or if it works better to try to attain higher PBO net coverage levels quickly, even if that means fewer areas receive them.

Uganda:

Population at risk of malaria in Uganda :							
Required LLINs :							
LLINs imported into the country three years prior to update :

Totals							

Ongoing issues:

- VectorLink has worked with MoH and partners to develop national LLIN continuous distribution operational guide. Completed and validated a first draft that is reviewed by PMI and PNLP.

Togo:

Population at risk of malaria in Togo :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Togo has wrapped up distribution, but 2 regions were not covered by mass distribution (Golfe and Lome)
- Now completed distribution in Golfe
- No plan currently for distribution in Lome – no LLINs available

CENTRAL AFRICA REGIONAL NETWORK (CARN)

CARN countries where update provided listed below. NB: This does not include all CARN countries.

CARN country updates provided on December 19th AMP call: None

EAST AFRICA REGIONAL NETWORK (EARN)

EARN countries where update provided listed below. NB: This does not include all EARN countries.

EARN country updates provided on December 19th AMP call: None

Burundi:

Population at risk of malaria in Burundi :							
Required LLINs :							

LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Finalising GF application and working on timelines of next campaign following GF mission last week
- GF has asked the country to write up their experience on their payment system
- GF is interested in looking at other countries' payment systems to put together payment options for countries going forward – this issue will be brought forward within the AMP Country Support Working Group to gather lessons learned on behalf of the partnership

SOUTHERN AFRICA REGIONAL NETWORK (SARN)

SARN countries where update provided listed below. NB: This does not include all SARN countries.

SARN country updates provided on December 19th AMP call: None

Mozambique:

Population at risk of malaria in Mozambique:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- None

Namibia:

Population at risk of malaria in Namibia :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- J.C. Flowers Foundation has purchased 26,649 LLINs for distribution in Northern Namibia, in their program areas. They have been hearing for over a year now that most households in the communities they work in lack nets.
- Working closely with the Ministry on this. The nets are currently held up in Walvis Bay but we expect them to arrive at their destination soon and be distributed by field teams by end of August.

ASIA PACIFIC

Asia Pacific/Americas country updates provided on December 19th AMP call: None

Haiti:

Population at risk of malaria in Haiti :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

Ongoing issues:

- Global Fund team visiting in August and meetings set up to discuss next round of distribution
- Challenges from last campaign discussed and found that security is a main concern going forward
- Not qualified as a COE country but would be interesting to look at how COE document could be supportive going forward in their planning
