

# AMP The Alliance for Malaria Prevention

Expanding the ownership and use of mosquito nets

---

**AMP Conference call minutes:** [www.allianceformalariaprevention.com](http://www.allianceformalariaprevention.com)

5<sup>th</sup> June 2019

Dial-in number: +1-213-787-0529  
USA toll-free: 888-808-6929  
Access Code: 3904916

If you wish to be added to or taken off this mailing list please contact: [melanie.caruso@ifrc.org](mailto:melanie.caruso@ifrc.org)

Do you have a topic / issue / country specific update to share with the AMP partnership? Send a summary of the topic you would like to discuss to: [jason.peat@ifrc.org](mailto:jason.peat@ifrc.org) or [melanie.caruso@ifrc.org](mailto:melanie.caruso@ifrc.org) and we will schedule your update at the start of an upcoming AMP conference call.

## **Agenda – June 5th AMP conference call**

Chair : Jason Peat  
Rapporteur : Melanie Caruso

- Introductions
- Review of minutes from last week's AMP conference call
- Country Updates
- Working Group Updates
- AOB

Next conference call: Wednesday, June 12th, 2019 10:00 EST, 14:00 GMT / UTC, 16:00 CET

## **Participants:**

AMF: Peter Sheratt  
AMP participants:  
BASF: Alex Heimsch  
Buy a Net:  
CDC / PMI:  
GHSC-PSM:  
CRS:  
Disease Control Technologies:  
Friends of RAM:  
Global Health Partners:  
Global Fund:  
IFRC:  
Independent participants:  
Intelligent Insect Control:  
IPHA:  
JC Flowers Foundation:  
JHU Centre for Communications: Hunter Harig

For additional information:

 World Vision: Gagik Karapetyan

**General updates:**

**AMP Core Group meeting August 2019**

- Dates have been set for the Core Group meeting to take place at UNF in Washington DC, 14-15th August 2019
- If partners wish for any issues/points to be discussed specifically, please contact [melanie.caruso@ifrc.org](mailto:melanie.caruso@ifrc.org)

**AMP working group updates:**

**Country support working group:**

Chair: Marcy Erskine IFRC – [marcy.erskine@ifrc.org](mailto:marcy.erskine@ifrc.org)

Current AMP TA missions :

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
CAR	Implementation	CRSPC	May-July 2019
Senegal	Logistics	CRSPC	May 2019
Congo	Logistics	CRSPC	May-June 2019
Cameroun	Implementation	PNLP	May 2019

Planned AMP TA missions 2019:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Nigeria	Implementation	CRS	Continuous 2019
Madagascar	Post-campaign	USAID PMI	June 2019
Sierra Leone	Finance	CRSPC	June 2019
Gambia	Logistics	CRSPC	TBC
Cameroun	Implementation and Logistics	NMCP	Continuous 2019
Congo Brazzaville	Implementation and Logistics	AMP	TBC 2019
Burkina Faso	Implementation, Communications and Logistics	AMP	Continuous 2019
CAR	Implementation and Logistics	World Vision	Continuous 2019
Sudan	Implementation	CRSPC	June 2019
Senegal	Implementation and Logistics	CRSPC	Continuous 2019
South Sudan	Implementation	CRSPC	TBD 2019
Burundi	Implementation, Communications and Logistics	UNDP	Continuous 2019
Ethiopia	TBD	TBD	TBD
Yemen	SBCC	CRSPC	TBD
Mali	Implementation and Logistics	TBD	TBD
Chad	Implementation, Communications and Logistics	CRSPC UNDP	Continuous 2019
Djibouti	SBCC	CRSPC	April 2019
Zambia	TBD	TBD	TBD

Completed AMP TA support (distance and in-country) in 2019:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Benin	Implementation	CRSPC	April 2019
Burkina Faso	Logistics	CRSPC	January-February 2019
	SBCC/Next Gen nets	CRSPC	February 2019
	SBCC/Next Gen nets	PSI	February 2019
Burundi	SBCC/Next Gen nets	PSI	February 2019
	Implementation	CRSPC	March 2019
	Logistics	CRSPC	March 2019
Cameroun	SBCC	CRSPC	May 2019
	Implementation	PNLP	January-February 2019

	Logistics	PNLP	February-March 2019
<b>CAR</b>	Logistics Logistics	World Vision World Vision	January 2019 April-May 2019
<b>Chad</b>	Implementation Logistics Communications	CRSPC CRSPC CRSPC	April 2019 April 2019 April 2019
<b>Guinea</b>	Implementation	CRSPC	February-March 2019
<b>Madagascar</b>	Implementation Logistics	USAID PMI USAID PMI	March 2019
<b>Malawi</b>	Post-campaign lessons learned	USAID PMI	January-February 2019
<b>Mali</b>	Logistics	CRSPC	March-April 2019
<b>Mozambique</b>	Implementation Logistics SBCC	CRSPC	February 2019
<b>Nigeria</b>	Implementation Implementation	CRS CRS	January 2019 March-April 2019
<b>Pakistan</b>	Implementation Logistics	CRSPC	January 2019 January 2019
<b>Senegal</b>	Logistics  Implementation	CRSPC  CRSPC	January-February 2019 March 2019
<b>Sierra Leone</b>	Implementation Logistics SBCC	CRSPC	March-April 2019
<b>Sudan</b>	SBCC	CRSPC	March 2019
<b>Uganda</b>	Logistics	CRSPC	January 2019
<b>Total # of countries supported by AMP in 2019 (in-country):</b>			<b>17</b>

**Emerging issues working group:**

**Co-chairs: Joe Lewinski – PSI ([jlewinski@psi.org](mailto:jlewinski@psi.org)) and Jessica Rockwood – IPHA ([jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com))**

- Next EIWG conference call will take place on Friday July 19<sup>th</sup> at 9:00 AM EST
- If partners have topics they would like to discuss during that call they should share them with Joe and Jessica.
- Container storage document is being finalized and will be circulated in the coming weeks.
- TraceNet working group (led by GF and US-PMI) “LLINs and Global Standards” had their first conference call supporting PPT has been share with the minutes of today’s call.

**Monitoring, Operational Research, and Evaluation (MORE) working group:**

**Co-chairs: (Anna Bowen - CDC/PMI ([aqb0@cdc.gov](mailto:aqb0@cdc.gov)); Godwin Aidenagbon – Chemonics ([gaidenagbon@ghsc-psm.org](mailto:gaidenagbon@ghsc-psm.org)))**

- No update

**Net mapping project working group:**

Chair: John Milliner – Milliner Global Associates [jemilliner@gmail.com](mailto:jemilliner@gmail.com)

- Template available from software developer will be out soon to be shared with the AMP core group for review

**Toolkit and Training working group:**

Chair: Marcy Erskine IFRC – [marcy.erskine@ifrc.org](mailto:marcy.erskine@ifrc.org)

- New Nets Project: last draft of recommendations around new nets will be disseminated soon and presented on a future AMP call

**Resource Mobilization working group:**

Jason Peat – IFRC [Jason.peat@ifrc.org](mailto:Jason.peat@ifrc.org), Drake Zimmerman – Rotarians Action Group on Malaria

[drakezim@gmail.com](mailto:drakezim@gmail.com) and Jessica Rockwood – IPHA [jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com)

- One pager requesting support for the AMP Deputy Position as well as the full 2019 AMP proposal for those partners who are interested have been shared
- If you have any questions on the Deputy Position and possibilities for support please contact one of AMP's Resource Mobilization Working Group members:
- **Jessica Rockwood:** [jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com)
- **Drake Zimmerman:** [drakezim@gmail.com](mailto:drakezim@gmail.com)
- **David Gittelman:** [david@dmgglobalhealth.com](mailto:david@dmgglobalhealth.com)
- **Jason Peat:** [jason.peat@ifrc.org](mailto:jason.peat@ifrc.org)
- 25% funded by Rotarian Malaria Partners and matched by Gates is already secured
- The full-time deputy position will be hired in a consultant capacity until 100% of the funding required to support the position has been secured.

**AMP 'ACTIVE COUNTRIES'**

*Countries where AMP is currently providing technical assistance via in-country missions or distance support.*

**AMP 'Active Countries' updates provided on June 5th AMP call: Cameroun, DRC, South Sudan, Uganda**

**Angola:**

Population at risk of malaria in Angola :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Report from the last phase of the campaign in Angola available

**Benin:**

Population at risk of malaria in Benin							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
<b>Totals</b>							

**Ongoing issues:**

- Protocol submitted and now being reviewed
- Digitalisation for the campaign: country to serve as focal point for Gates and proposal is on the table for full scale digitalisation of the campaign
- Joint message from Gates and GF on the proposal being put forward
- Similar to cash and assets system being used by CRS in Nigeria

**Burkina Faso:**

Population at risk of malaria in Burkina Faso							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
<b>Totals</b>							

**Ongoing issues:**

- Household registration gave a population of 27 031 965 inhabitants for a number of LLINs of 14 815 826
- There is a gap of 2 641 783 LLINs.
- During the CNO meeting of the campaign on May 24 a withdrawal scenario was proposed taking into account the LLINs available exclusively for the campaign. This scenario projected a withdrawal from households to receive three (03) LLINs, which represents the average size of households from the macro and micro-planning data
- They want to cap at 3 (no households will get less than 3) everywhere and have submitted this proposal to the Global Fund for approval
- This new scenario gives a gap of 611,190 LLINs, broken down as follows: 429,430 Ordinary; 133,440 PBO and 48,320 IG2.
- The new 611 190 LLIN gap is almost similar to that of micro-planning and could be filled by:
- Routine stock returns from areas where districts will no longer use regular LLINs for routine.
- Routine stock for PBO and IG2 nets acquired for the years 2019 and 2020 that will be available before the start of the campaign.

**Burundi:**

Population at risk of malaria in Burundi :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Resubmitted budget to GF for review without data collection with tablets
- Final plan should be available by end of this week
- Distribution is planned for January
- Microplanning should be in August/September so should be next top priority

**Cameroun:**

Population at risk of malaria in Cameroun :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution	Date of most recent update

**Update on June 5th AMP conference call:**

- The campaign chronogram has undergone extensive revisions.
- Minister of Health has called a high-level meeting on Friday June 7<sup>th</sup> with all partners to discuss the status of the current LLIN distribution campaign
- Far North, current chronogram planning
  - o Data training: 7-8 June
  - o Training of health area supervisors: 8-10 July
  - o HH registration: 11-21 July
- AMP TA provider (Yves) is joining VectorLink weekly calls and we are coordinating on key planning elements
- VectorLink is now sharing a weekly update with NMCP, PMI and partners in Cameroon for the Far North campaign.

**Ongoing issues:**

- AMP mission ongoing – sitrep attached to the minutes of this week’s call
- Cameroon is planning to implement its third campaign in 2019. It is planned to distribute 14,697,104 LLINs with standard PBO and LLINs to be distributed. 10 931 571 Mosquito nets will be financed by the GF and 3 765 533 LLINs will be financed by the Cameroonian government.
- After a halt of the campaign due to the selection of the transporters, the work was relaunched by the negotiations with WFP. WFP has been able to interact with the PNLP and beyond it has been able to develop a transport plan, a budget and a timetable.
- Phase II-Adamaoua Region and Northern Region:
  - Counting of households and distribution of outstanding coupons
  - Supervision of household registration activities
  - Communication activities through community radios and through national channels
  - Collection and daily capture of data through the DHIS2
  - Share data by area, district, and region to all supervisors at each level by WhatsApp daily.
  - Payment of the actors for the training activities after submission of training reports and supporting documents
- WFP working for 2nd phase LLIN transport bid
- Phase I: Littoral (1st phase), South, East and West
  - Meeting between WFP and regional teams
  - Meeting between WFP and the various selected carriers
  - Beginning of transport of LLINs to the region.

SUJET	ADAMAOUA			NORD		
Complétude des rapports	96% - J10			93% - J10		
	POPULATION	MENAGES	MILDA	POPULATION	MENAGES	MILDA
Couverture	100%	111%	99%	91%	103%	91%

- Challenges include that the rainy season is during the household enumeration period; Many household members do not have identification
- Next steps Phase I:
  - o Transport of LLINs from Douala port to regional stocks.
  - o Preparation of trainings of household registration teams.
- Next steps Phase II:

- o Counting of households and distribution of coupons.
- o Collection, analysis of household registration data.
- o Daily data entry within DHIS2.
- o Daily reporting of household enumeration activity.
- o Discussion with WFP on second phase LLIN transport.

**Central African Republic (CAR):**

Population at risk of malaria in CAR :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
<b>Totals</b>							

**Ongoing issues:**

- AMP mission ongoing – weekly sitrep attached to the minutes of this week’s call
- TA for 2019 targeting regions 1, 2 and 3 in 2 phases
- With support from AMP consultant, developed macro plan with the budget, and chronogram of all activities for 2019 finalised
- Planned that camping covers 39 sub prefectures, but based on last 2-year campaigns, realised that it will be hard to cover all districts. Idea is now to cover only 22 districts out of 39 and see if we can cover the rest next year
- Continuation and finalization of the review of the micro-planning framework.
- Joint review with the SLP team of communication materials to be used during advocacy activities (presentation, strategies, key messages, list of information to be collected)
- Development of a checklist to support advocacy meetings
- Development of messages for the convocation in Bangui of the participants of the training of trainers workshops to facilitate the micro plans of the sub-prefectures
- Preparation of presentations for the training of trainer’s workshop to facilitate micro-plans of sub-prefectures (agenda, campaign strategy, roles and responsibilities of actors, overview on the micro-plan, conduct advocacy meeting)
- Questionnaire in RS 1, 2 & 3 in response to feedback from the WV Team from Dakar
- Working session with the WV finance team to validate the budget of the team training workshop (at the central, regional and district levels) to facilitate micro sub-prefectures development workshops on the micro-canvass -planning.
- Revision and finalization of the global plan of action for the mass campaign in health regions 1, 2 and 3, including the communication strategy
- Launching of the recruitment notice for implementing NGOs for RS1, 2 and 3.

**Chad:**

Population at risk of malaria in Chad :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Call took place on May 24<sup>th</sup> with AMP to finalise the 2020 campaign budget with the country
- Number of procured coupons in the budget have increased: it had been noted during the 2017 mass campaign that there were insufficient quantities of vouchers, probably in connection with the fact that they were distributed in polygamous households - hence the 30% increase in the budget to reflect this fact. Since this increases the budget by nearly 18 million FCFA, they will discuss today an alternative strategy to address this problem.
- Distribution sites to cover 600 households regardless of the environment (urban or rural). However, we must take into account exceptions related to the distance from a village to a main site or for specific sites (nomads, refugees, etc)
- Government has already transferred CFA 1,500,000,000 to support UNDP for the purchase of LLINs for the regions of N'Djamena and Barh El Gazal. The balance will be paid before December to supplement the purchase costs of LLINs and the operating costs.
- As a result, it can be ensured that the mass campaign will be taking place in 13 regions instead of the 11 included in the plan.
- First distribution planned for February - next AMP mission towards end of this year
- AMP is working at a distance to finalise its comments on the plan of action, communications and logistics plans.

**Congo Brazzaville:**

Population at risk of malaria in Congo Brazzaville:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

<b>Mass distribution</b>							
<b>ANC</b>							
<b>EPI</b>							
<b>Totals</b>							

**Ongoing issues:**

- AMP mission ongoing, weekly sitrep attached to the minutes of this week's call
- The mass distribution of LLINs is scheduled for July 2019.
- Mission objectives: support the planning of the LLIN mass distribution campaign in three parts: train the trainers in campaign logistics and update the transport plan based on the final microplans; finalize and validate the district microplans; and prepare the training of trainers for household registration and distribution.
- The timetable for the campaign provides for the distribution of LLINs to beneficiaries in July 2019. All LLINs for the campaign have been received and centrally stored. However, there are delays in implementing some critical activities. For example, the planned micro-planning meetings to be carried out in January are in progress and will probably end in May 4, i.e. 04 months late.
- Preparation with the CRS team of the training of trainers workshop in management and logistics
- Review and finalization of the ToR and agenda of the workshop
- Review, update of the different presentations and distribution of tasks between the facilitators of the workshop
- Facilitation of the 3-day training workshop for trainers at central and departmental level in LLIN management and logistic follow-up
- Development of the training plan for districts

**Côte d'Ivoire:**

<b>Population at risk of malaria in Côte d'Ivoire :</b>							
<b>Required LLINs :</b>							
<b>LLINs imported into the country three years prior to update :</b>							
<b>Distribution channel</b>	<b>Scale of distribution</b>	<b># LLINs needed per distribution channel</b>	<b># LLINs available per distribution channel</b>	<b>LLIN gap per distribution channel</b>	<b>Budget gap per distribution channel</b>	<b>Technical assistance requested with date per distribution channel</b>	<b>Date of most recent update</b>
<b>Mass distribution</b>							
<b>ANC</b>							
<b>EPI</b>							
<b>Totals</b>							

**Ongoing issues:**

- AMP has been contacted by CIV who will be looking for support this year (from GF)
- Timeline for campaign: Global Fund has missions there this week. Need to look at support needed for macroplanning
- Traditionally campaigns have run smoothly with no external support

**DRC:**

Population at risk of malaria in DRC :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Update on June 5th AMP conference call:**

- AMF supported New Net Project will evaluate the effectiveness of next generate nets. The objective is to roll out a less expensive evaluation methodology.
- Evaluation methodology has been developed in collaboration with PMI, GF, Liverpool School, AMF, MoH
- Overall evaluation costs will be significantly less expensive than traditional evaluations.
- Distribution of next generate LLINs will start in Sept 2019.
- Will test prevalence of malaria at health facility level in advance of LLIN distribution and then test malaria prevalence post distribution.
- Will compare malaria prevalence in areas that received next generation LLINs to areas that received traditional LLINs.

**Ongoing issues:**

- Monitoring the effectiveness of new nets: ANC option being explored in Sud Ubangi DRC
- AMF is providing 900'000 Permanet 3s and 900'000 Permanet 2s
- Mission in country from Liverpool School and PMI to assess the feasibility of the study went well
- Looking like this will go ahead - AMF will update the group going forward

**Ethiopia:**

Population at risk of malaria in Ethiopia:							
Required LLINs :							
LLINs imported into the country three years prior to update :

Mass distribution							
Continuous distribution							

ANC							
EPI							
Totals							

**Ongoing issues:**

- Sent their data for first 2 phases of the campaign
- Phase1 of the LLIN distribution campaign preliminary results have been received
- 93 % of HHs have been reached and 94 % of LLINs have been used.
- Out of 2 878 469 LLINs , 2 875 847 have been positioned at distribution sites, and 2 706 415 have been distributed to HHs with 169 432 LLINs remaining
- Done some analyses: still have a stock of nets remaining after the end of these 2 phases.

**Liberia:**

Population at risk of malaria in Liberia :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

<b>Mass distribution</b>							
<b>ANC</b>							
<b>EPI</b>							
<b>Social Marketing</b>							
<b>Totals</b>							

**Ongoing issues:**

- Next in-country mission in June for the post campaign lessons learned workshop and develop recommendations for 2021 campaign. ToRs have been developed
- One of the things we will work on is ensuring that the sessions on the agenda are as forward looking as possible to avoid a lot of time spent rehashing the problems.
- The objective should be to come to clear and concrete recommendations to reinforce what went well, plan for expanding on some of the innovations (or introducing new ones) and ensure that we address the challenges that have come up.
- For 2021 all activities should be planned in advance and budgeted versus a reactive process of addressing issues as they come up
- For the continuous distribution there was an issue on pregnant women - in principle, they should not just receive a net through the community channel as it means that they may not attend ANC for the full package of services (which in turn has a negative effect on indicators related to ANC visits and IPT, among other things). So, how will pregnant women (or children that would get a routine net for completing vaccination) be managed? Would they go to the facility and then once they have an ANC card, they could receive their net through the community channel? Need to have some more discussions on the CD planning during the AMP mission next month

**Mali:**

<b>Population at risk of malaria in Mali :</b>							
<b>Required LLINs :</b>							
<b>LLINs imported into the country three years prior to update :</b>							
<b>Distribution channel</b>	<b>Scale of distribution</b>	<b># LLINs needed per distribution channel</b>	<b># LLINs available per distribution channel</b>	<b>LLIN gap per distribution channel</b>	<b>Budget gap per distribution channel</b>	<b>Technical assistance requested with date per distribution channel</b>	<b>Date of most recent update</b>
<b>Mass distribution</b>							
<b>Continuous distribution</b>							
<b>ANC</b>							
<b>EPI</b>							
<b>Totals</b>							

**Ongoing issues:**

- Sent back reviewed plan of action
- Identifying implementing partners for COEs in the North
- Push on microplanning

- Some miscommunication among partners
- Need updated timeline
- Getting COE part of the country out of the way with standard nets, then move on with the PBOs and new nets in other regions.

**Mozambique:**

Population at risk of malaria in Mozambique:							
Required LLINs :							
LLINs imported into the country three years prior to update :

**Ongoing issues:**

- Ongoing campaigns in Delta, Cross River State and Yobe
- Yobe and CRS are paper based campaigns and completed HH registration over the weekend. Next step is to prepare micro plans for movement of nets. Distribution to start 8th June

- PMI states: PBO nets for Ebony are first to be distributed in the country.
- Plateau State waiting for plans to start campaign
- Yobe state has high security issue around kidnapping, and CRS has high security issue around communal clashes

**Pakistan:**

Population at risk of malaria in Pakistan:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Trying to move quickly as really behind
- Implementing partner (Pakistani Red Crescent Society) has been agreed on - need to start to apply for security clearance for areas where they are distributing n this year. Could take couple of months.
- Microplanning needs to take place soon.
- Plan to roll out Red Rose for payments and data collection – however there are insecure areas where you can't use mobile technology - will need to adapt strategy in these areas.

**Senegal:**

Population at risk of malaria in Senegal :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- AMP mission ongoing – sitrep attached to the minutes of this week’s call
- The approach chosen for Senegal’s 2019 campaign is to conduct a national distribution campaign covering all regions of the country.
- This campaign is organized synchronously with The Gambia as part of the implementation of the Senegalese initiative for cross-border fight against malaria supported by the GF.
- This initiative, the first experience of its kind, responds to the dynamics of elimination of malaria at the sub-regional scale.
- After the validation phase of household census data for the first phase regions (which is cross-border to The Gambia) readjustments of LLIN stocks and updating of plans and transport of LLINs from districts to posts were made.
- The country is in the process of distributing LLINs
- The central level has deployed teams to oversee this activity in the period from 20 to 28 May
- 100% of districts under Phase 1 started distribution on the agreed date of May 22 and finished the distribution on May 26
- Daily data collection and capture through DHIS2
- 97% completeness of data and 98% of LLINs distributed as interim data
- Review of the chronogram of phase 2
- A lot of stock adjustment of LLINs internally during distribution have been necessary
- Poor filling or not filling of LLIN management tools correctly

**Sierra Leone:**

Population at risk of malaria in Sierra Leone :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Call with MORE working group and PMI team was held last week with the country team to talk about independent monitoring for HH registration and end process for end of campaign to ensure quality if net activities and evaluate results. – good discussion on types of things they should be looking for. Need to focus down on areas where they have had problems in the past and in urban areas.
- Finalising the macro documents this week
- Zero cash policy from GF so putting in finance support from AMP

**South Sudan:**

<b>Population at risk of malaria in South Sudan:</b>
--

Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Update on June 5<sup>th</sup> AMP conference call:**

- Country is still in the process of taking a decision on the use of Dawa LLINs
- South Sudan approved LLIN distribution flow chart has been circulated with the minutes of June 5<sup>th</sup> call.
- Country will request AMP TA to the future to support the development / update of the countries LLIN distribution strategy.

**Ongoing issues:**

- PSI is working with GF team in Juba this week
- Issues at HH registration level in last campaign beginning of 2018 and 2019 that they are trying to rectify. Updating the campaign plan of action with the AMP COE document and meeting with MoH to discuss the timeline for activities and delays (getting nets in country and admin delays and look at what additional support the country might need)
- Looking at country coordination across the different areas and assigning roles and responsibilities
- Looking at responsible parties for monitoring and supervision of activities specifically focused on HH registration, trainings, and distribution.
- After this campaign, there will be a second round of distribution later in the year

**Sudan:**

Population at risk of malaria in Sudan:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Ongoing issues:**

- AMP mission postponed for security reasons
- Get some distance support on the documents review sorted out for the country in the meantime
- Support from a distance on 3 aspects of campaign
  1. SBCC done by AMP for high access and poor use issue
  2. Looking at overall quality of their campaign
  3. Looking at supply chain from port of entry to beneficiary to see how tight it is
  4. Support to submit macro planning documents to GF
- Prospective country evaluation (PCE) to be carried out by GF: PCEs are targeting 8 countries and Sudan is one of them. The objective is to look at how GF investments have worked in doing what they are supposed to do.

**Tanzania:**

Population at risk of malaria in Tanzania :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Update on June 5<sup>th</sup> AMP conference call:**

- Country is planning for their 2020 campaign
- Request has been made to AMF to support the 2020 campaign with a contribution of LLINs.
- AMF contributed 12 million LLINs to Uganda's last campaign
- AMF and MoH discussed a number of lessons learned from the last campaign.
- Uganda has very serious resistance issues so will need to determine if PBO nets are required and the quantity.

**Ongoing issues:**

- Decisions around implementing partners being taken
- Decisions on quantification ongoing
- Timing for microplanning being discussed

**Zambia:**

<b>Population at risk of malaria in Zambia :</b>							
<b>Required LLINs :</b>							
<b>LLINs imported into the country three years prior to update :</b>							
<b>Distribution channel</b>	<b>Scale of distribution</b>	<b># LLINs needed per distribution channel</b>	<b># LLINs available per distribution channel</b>	<b>LLIN gap per distribution channel</b>	<b>Budget gap per distribution channel</b>	<b>Technical assistance requested with date per distribution</b>	<b>Date of most recent update</b>

**Update on June 5<sup>th</sup> AMP conference call:**

- Zambia planning for their 2020 campaign.
- Country is working with AMF to see if AMF can support 2020 distribution.
- Any AMF contribution would be coordinated with Global Fund. During last LLIN distribution AMF supplied LLINs and GF covered LLIN distribution costs.

**Ongoing issues:**

- Discussions on funding of next programme aimed at 2020 have started between GF, PMI, AMF and NMCP
- Looking at net needs from last campaign, looking at urban area population figures, and determining net gap and funding gap.
- Significant shortfall of nets in last campaign was noted

**WEST AFRICA REGION**

West Africa Region countries where update provided listed below. NB: This does not include all countries in West Africa.

**West Africa Region country updates provided on June 5<sup>th</sup> AMP call: None**

**Ghana:**
