

# AMP The Alliance for Malaria Prevention

Expanding the ownership and use of mosquito nets

---

**AMP Conference call minutes:** [www.allianceformalariaprevention.com](http://www.allianceformalariaprevention.com)

17<sup>th</sup> July 2019

Dial-in number: +1-213-787-0529  
USA toll-free: 888-808-6929  
Access Code: 3904916

If you wish to be added to or taken off this mailing list please contact: [melanie.caruso@ifrc.org](mailto:melanie.caruso@ifrc.org)

Do you have a topic / issue / country specific update to share with the AMP partnership? Send a summary of the topic you would like to discuss to: [jason.peat@ifrc.org](mailto:jason.peat@ifrc.org) or [melanie.caruso@ifrc.org](mailto:melanie.caruso@ifrc.org) and we will schedule your update at the start of an upcoming AMP conference call.

## **Agenda – July 17th AMP conference call**

Chair : Melanie Caruso

Rapporteur : Melanie Caruso

- Introductions
- Review of minutes from last week's AMP conference call
- Country Updates
- Working Group Updates
- AOB

Next conference call: Wednesday, July 24th, 2019 10:00 EST, 14:00 GMT / UTC, 16:00 CET

## **Participants:**

AMF:	
AMP participants:	Jerónimo Zandamela
BASF:	Alex Heimsch
Buy a Net:	Anna Bowen
CDC / PMI:	
GHSC-PSM:	
CRS:	
Disease Control Technologies:	
Friends of RAM:	Drake Zimmerman
Global Health Partners:	
Global Fund:	
IFRC:	Marcy Erskine
Independent participants:	
Intelligent Insect Control:	
IPHA:	Jessica Rockwood
JC Flowers Foundation:	
JHU Centre for Communications:	Hannah Koenker

 WHO:  
 World Vision: Gagik Karapetyan

**General updates:**

New Nets Project

- New Nets Project Planning meeting to be held at IFRC in Geneva 22-24th July 2019
- Meeting objectives:
  1. Review of New Nets Project, including objectives, roles and responsibilities of partners, PSI/AMP role
  2. Operational learning from planning and implementation – operational recommendations, process evaluation tools
  3. Work planning for coming trimester/look ahead to project year 3
  4. Country preparedness template
  5. Meet with GF NNP project team
  6. Administrative/logistics management during country support

**AMP working group updates:**

**Country support working group:**

**Chair: Marcy Erskine IFRC – [marcy.erskine@ifrc.org](mailto:marcy.erskine@ifrc.org)**

Current AMP TA missions :

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
CAR	Implementation Logistics	CRSPC World Vision	May-July 2019 June-July 2019

Planned AMP TA missions 2019:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Nigeria	Implementation	CRS	Continuous 2019
Cameroun	Implementation and Logistics	NMCP	Continuous 2019
Congo Brazzaville	Implementation and Logistics	AMP	July/August 2019
Burkina Faso	Implementation, Communications and Logistics	AMP	Continuous 2019
CAR	Implementation and Logistics	World Vision	Continuous 2019
Sudan	Implementation	CRSPC	June 2019
Senegal	Implementation and Logistics	CRSPC	Continuous 2019
South Sudan	Implementation	CRSPC	TBD 2019
Burundi	Implementation, Communications and Logistics	UNDP	Continuous 2019
Ethiopia	TBD	TBD	TBD
Yemen	SBCC	CRSPC	TBD
Mali	Implementation and Logistics	TBD	TBD
Chad	Implementation, Communications and Logistics	CRSPC UNDP	Continuous 2019
Djibouti	SBCC	CRSPC	April 2019
Zambia	Implementation	CRSCP/IFRC	September 2019

Completed AMP TA support (distance and in-country) in 2019:

Country	Type of technical support requested from AMP	Partner / Funding source	Mission dates
Benin	Implementation	CRSPC	April 2019
Burkina Faso	Logistics SBCC/Next Gen nets SBCC/Next Gen nets SBCC/Next Gen nets	CRSPC CRSPC PSI PSI	January-February 2019 February 2019 February 2019 February 2019

<b>Total # of countries supported by AMP in 2019 (in-country):</b>		<b>19</b>	

**Emerging issues working group:**

Co-chairs: **Joe Lewinski** – PSI ([jlewinski@psi.org](mailto:jlewinski@psi.org)) and **Jessica Rockwood** – IPHA ([jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com))

- Next EIWG conference call will take place on Wednesday July 17<sup>th</sup> at 11:00 AM EST after the AMP weekly call
- Minutes will be circulated to the partnership following the call

**Monitoring, Operational Research, and Evaluation (MORE) working group:**

**Co-chairs: (Anna Bowen - CDC/PMI [aqb0@cdc.gov](mailto:aqb0@cdc.gov); Godwin Aidenagbon – Chemonics [gaidenagbon@ghsc-psm.org](mailto:gaidenagbon@ghsc-psm.org))**

- No update

**Net mapping project working group:**

**Chair: John Milliner – Milliner Global Associates [jemilliner@gmail.com](mailto:jemilliner@gmail.com)**

- No update

**Toolkit and Training working group:**

**Chair: Marcy Erskine IFRC – [marcy.erskine@ifrc.org](mailto:marcy.erskine@ifrc.org)**

- No update

**Resource Mobilization working group:**

**Jason Peat – IFRC [jason.peat@ifrc.org](mailto:jason.peat@ifrc.org), Drake Zimmerman – Rotarians Action Group on Malaria [drakezim@gmail.com](mailto:drakezim@gmail.com) and Jessica Rockwood – IPHA [jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com)**

- One pager requesting support for the AMP Deputy Position as well as the full 2019 AMP proposal for those partners who are interested have been shared
- If you have any questions on the Deputy Position and possibilities for support please contact one of AMP's Resource Mobilization Working Group members:
- **Jessica Rockwood:** [jrockwood@iphadvisors.com](mailto:jrockwood@iphadvisors.com)
- **Drake Zimmerman:** [drakezim@gmail.com](mailto:drakezim@gmail.com)
- **David Gittelman:** [david@dmgglobalhealth.com](mailto:david@dmgglobalhealth.com)
- **Jason Peat:** [jason.peat@ifrc.org](mailto:jason.peat@ifrc.org)
- 25% funded by Rotarian Malaria Partners and matched by Gates is already secured
- The full-time deputy position will be hired in a consultant capacity until 100% of the funding required to support the position has been secured.

**AMP 'ACTIVE COUNTRIES'**

*Countries where AMP is currently providing technical assistance via in-country missions or distance support.*

**AMP 'Active Countries' updates provided on July 17th AMP call: Burundi, Cameroun, CAR, Congo Brazzaville, Guinea, Mali, Mozambique, Pakistan, Sierra Leone, Sudan, Togo, Zambia**

**Angola:**

Population at risk of malaria in Angola :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							

EPI							
<b>Totals</b>							

**Ongoing issues:**

- PSI with JHU are completing a post distribution survey this month and results to be shared with AMP
- Results can be discussed on a future call with the partnership

**Benin:**

Population at risk of malaria in Benin							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
<b>Totals</b>							

**Ongoing issues:**

- Protocol submitted and now being reviewed
- Digitalisation for the campaign: country to serve as focal point for Gates and proposal is on the table for full scale digitalisation of the campaign
- Joint message from Gates and GF on the proposal being put forward
- Similar to cash and assets system being used by CRS in Nigeria

**Burkina Faso:**

Population at risk of malaria in Burkina Faso							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							

EPI							
<b>Totals</b>							

**Ongoing issues:**

- Household registration gave a population of 27 031 965 inhabitants for a number of LLINs of 14 815 826
- There is a gap of 2 641 783 LLINs.
- During the CNO meeting of the campaign on May 24 a withdrawal scenario was proposed taking into account the LLINs available exclusively for the campaign. This scenario projected a withdrawal from households to receive three (03) LLINs, which represents the average size of households from the macro and micro-planning data
- They want to cap at 3 (no households will get less than 3) everywhere and have submitted this proposal to the Global Fund for approval
- This new scenario gives a gap of 611,190 LLINs, broken down as follows: 429,430 Ordinary; 133,440 PBO and 48,320 IG2.
- The new 611 190 LLIN gap is almost similar to that of micro-planning and could be filled by:
- Routine stock returns from areas where districts will no longer use regular LLINs for routine.
- Routine stock for PBO and IG2 nets acquired for the years 2019 and 2020 that will be available before the start of the campaign.

**Burundi:**

Population at risk of malaria in Burundi :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
<b>Totals</b>							

**Update on July 17th AMP conference call:**

- Budget alignment with GF complete
- Remaining issues around quantification and under budgeting for trainings
- TA for microplanning to go in next week
- Microplanning ToT planned soon
- Microplanning TA should be on ground next week and SBCC support will be provided at a distance

**Cameroun:**

Population at risk of malaria in Cameroun :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution	Scale of	# LLINs	# LLINs	LLIN gap	Budget gap	Technical	Date of

channel	distribution	needed per distribution channel	available per distribution channel	per distribution channel	per distribution channel	assistance requested with date per distribution channel	most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Update on July 17th AMP conference call:**

- Training of public criers ongoing and beginning activities in Aires de santé
- Teams are finding solutions in terms of borrowing materials from other Aire de santé as numbers were slightly underestimated
- HH registration starts 19<sup>th</sup> July
- Moving ahead with the 14 districts in the north where Olyset nets can be delivered
- Call with PMI and VL team to discuss the timing of the results for the Dawa Plus nets. Still waiting for results of those tests and MoH wants to wait for results before decision is taken on distributing them
- Moving ahead with 2 phased HH registration between rounds of SMC campaigns.
- Daily meetings with regional NMCP - daily round up.
- Daily monitoring from VL starting 21<sup>st</sup> July for troubleshooting of issues
- Non-PMI regions: number of challenges with the roll out of activities in some areas – plan to describe how weaknesses are to be addressed has been shared with the GF.
- Communication activities have been weak and need to be addressed.
- Issues around quality of HH registration in terms of coverage.
- Issues around distribution points from first phase: people came without vouchers but still given nets – questions around duplication that was not controlled or out of procedure handing out of nets.

**Central African Republic (CAR):**

Population at risk of malaria in CAR :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution

EPI							
Totals							

**Update on July 17th AMP conference call:**

- Partners not contracted for final validation of micro plans yet

- Weekly sitrep attached to the minutes of this week's call

**Chad:**

Population at risk of malaria in Chad :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
Continuous distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Call took place on May 24<sup>th</sup> with AMP to finalise the 2020 campaign budget with the country
- Number of procured coupons in the budget have increased: it had been noted during the 2017 mass campaign that there were insufficient quantities of vouchers, probably in connection with the fact that they were distributed in polygamous households - hence the 30% increase in the budget to reflect this fact. Since this increases the budget by nearly 18 million FCFA, they will discuss today an alternative strategy to address this problem.
- Distribution sites to cover 600 households regardless of the environment (urban or rural). However, we must take into account exceptions related to the distance from a village to a main site or for specific sites (nomads, refugees, etc)
- Government has already transferred CFA 1,500,000,000 to support UNDP for the purchase of LLINs for the regions of N'Djamena and Barh El Gazal. The balance will be paid before December to supplement the purchase costs of LLINs and the operating costs.
- As a result, it can be ensured that the mass campaign will be taking place in 13 regions instead of the 11 included in the plan.
- First distribution planned for February - next AMP mission towards end of this year
- AMP is working at a distance to finalise its comments on the plan of action, communications and logistics plans.

**Congo Brazzaville:**

Population at risk of malaria in Congo Brazzaville:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per	# LLINs available	LLIN gap per	Budget gap per	Technical assistance	Date of most

		distribution channel	per distribution channel	distribution channel	distribution channel	requested with date per distribution channel	recent update
Mass distribution							
ANC							
EPI							
Totals							

**Update on July 17th AMP conference call:**

- Heading into HH registration phase late after discussions around per diem
- Intensive support going in to help push them through from AMP
- Campaign has to be completed by end of December for no impact to envelope for future funding
- Start of August support on micro transport and reconciliation

**Côte d'Ivoire:**

Population at risk of malaria in Côte d'Ivoire :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- AMP has been contacted by CIV who will be looking for support this year (from GF)
- Timeline for campaign: Global Fund has missions there this week. Need to look at support needed for macroplanning
- Traditionally campaigns have run smoothly with no external support

**DRC:**

Population at risk of malaria in DRC :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per	# LLINs available	LLIN gap per	Budget gap per	Technical assistance	Date of most

		distribution channel	per distribution channel	distribution channel	distribution channel	requested with date per distribution channel	recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- AMF supported New Net Project will evaluate the effectiveness of next generate nets. The objective is to roll out a less expensive evaluation methodology.
- Evaluation methodology has been developed in collaboration with PMI, GF, Liverpool School, AMF, MoH
- Distribution of next generate LLINs will start in Sept 2019.
- Proposed budget has gone to GF for validation. Testing kits and drugs to be funded by GF. NMCP involved and supportive but not able to do much of the execution of the programme.
- Need 50/50 PBO and non PBO nets split for the study, but after randomization zones within the province don't match up exactly 50/50 – trying to figure out how to do an inter-zone distribution of PBO and non PBO nets.
- Ebola outbreak in DRC: areas affected not due to have distributions before December 2020 so the EVD outbreak is not preventing distribution at the moment. Uganda has a big net distribution next year and outbreak spill over is becoming a worry.

**Ethiopia:**

Population at risk of malaria in Ethiopia:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Ongoing issues:**

- Exchange with AMP on challenges with repurposing and waste management
- Issues raised during the trainings AMP conducted last year
- Iron out before core group meeting what needs to be brought to attention of WHO

**Gambia/Senegal:**

Population at risk of malaria in Gambia:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Update on July 17th AMP conference call:**

- Finished microplanning for the North and completes ToTs
- Figuring out modalities for how to make payments in those areas
- Distribution planned to start August 3<sup>rd</sup>
- Planning for new nets project: signed agreement with IVCC and started to identify districts to be targeted in Sikasso region
- Planned distribution for Sikasso is October/November – but nets not scheduled to arrive by then and implementation is not in line with these timelines. Need to discuss delays.

**Mozambique:**

Population at risk of malaria in Mozambique:							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							
ANC							
EPI							
Totals							

**Update on July 17th AMP conference call:**

- Launched Nampula – distribution started and running for 5 days
- Revised micro transport approach – need to see if new approach is being applied.

**Nigeria:**

<b>Population at risk of malaria in Nigeria :</b>							
<b>Required LLINs :</b>							
<b>LLINs imported into the country three years prior to update :</b>							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update

**Ongoing issues:**

- AMP mission ongoing – sitrep attached to the minutes of this week’s call
- The approach chosen for Senegal’s 2019 campaign is to conduct a national distribution campaign covering all regions of the country.
- This campaign is organized synchronously with The Gambia as part of the implementation of the Senegalese initiative for cross-border fight against malaria supported by the GF.
- This initiative, the first experience of its kind, responds to the dynamics of elimination of malaria at the sub-regional scale.
- After the validation phase of household census data for the first phase regions (which is cross-border to The Gambia) readjustments of LLIN stocks and updating of plans and transport of LLINs from districts to posts were made.
- The country is in the process of distributing LLINs
- The central level has deployed teams to oversee this activity in the period from 20 to 28 May
- 100% of districts under Phase 1 started distribution on the agreed date of May 22 and finished the distribution on May 26
- Daily data collection and capture through DHIS2
- 97% completeness of data and 98% of LLINs distributed as interim data
- Review of the chronogram of phase 2
- A lot of stock adjustment of LLINs internally during distribution have been necessary
- Poor filling or not filling of LLIN management tools correctly

**Sierra Leone:**

Population at risk of malaria in Sierra Leone :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
Mass distribution							

<b>Continuous distribution</b>							
<b>ANC</b>							
<b>EPI</b>							
<b>Totals</b>							

**Update on July 17th AMP conference call:**

- AMP support on finance, procurement and payment planning completed
- Main deliverables:
- Develop a draft procurement and finance manual of standard operating procedures (SOPs) for use during the LLIN campaign, with a focus on the key aspects that may create bottlenecks during implementation (procurement of lowest level transport, payments to campaign actors, procurement of catering and venues, etc.)
- Develop a matrix of people to be paid, when, on what basis, by who and how much for all actors during each phase of the campaign implementation (microplanning, advocacy and social mobilization, household registration, LLIN transport, LLIN distribution, reverse logistics, etc.)
- Develop scenarios for performance-based funding for review and discussion in-country

**South Sudan:**

<b>Population at risk of malaria in South Sudan:</b>							
<b>Required LLINs :</b>							
<b>LLINs imported into the country three years prior to update :</b>							
<b>Distribution channel</b>	<b>Scale of distribution</b>	<b># LLINs needed per distribution channel</b>	<b># LLINs available per distribution channel</b>	<b>LLIN gap per distribution channel</b>	<b>Budget gap per distribution channel</b>	<b>Technical assistance requested with date per distribution channel</b>	<b>Date of most recent update</b>

**Update on July 17th AMP conference call:**

- AMP distance support completed with main deliverables:
  1. Draft guide for focus group discussions and key informant interviews that can be finalized in-country and used to collect some qualitative data that will allow for a revision of the messages, audiences, channels and overall strategy for SBCC related to ITNs.
  2. A sample communication message guide with messages for different aspects related to ITN uptake, use, care, repair and repurposing. As we do not have much data for Sudan in terms of the different barriers, these messages are still quite generic and should be adapted to the Sudanese context, possibly by the State-level communication focal points. With everything happening in the country, it seems that the most critical channel for communication during the distributions (when they can take place) is going to be interpersonal communication and community level messaging, so the communication plan and budget should be reviewed to ensure that we have:
    - o Budget for materials - like job aids - for the door-to-door and distribution point team members to ensure standard and correct messaging
    - o Budget for some involvement of community level actors - such as community or religious leaders, teachers, etc. - that can support with dissemination of information
  3. Draft workplan for implementation of the SBCC recommendations around improving ITN use behaviours in Sudan. This workplan is very comprehensive and it is unlikely that everything can be achieved.

**Tanzania:**

Population at risk of malaria in Tanzania :							
Required LLINs :							
LLINs imported into the country three years prior to update :							
Distribution channel	Scale of distribution	# LLINs needed per distribution channel	# LLINs available per distribution channel	LLIN gap per distribution channel	Budget gap per distribution channel	Technical assistance requested with date per distribution channel	Date of most recent update
