Agenda – February 3rd AMP conference call

Chair : Jason Peat

Rapporteur : Jason Peat

- Introductions
- Malaria Behavior Survey - Mike Toso (Malaria Program Officer II JHUCCP)
- Country updates
- Working Group Updates
- AoB

Participants Feb. 3rd call:

- 48 participants

Next conference call: **Wednesday 10th February, 10:00 EST, 15:00 GMT / UTC, 16:00 CET**

FOCUS ISSUES / AMP WEBSITE UPDATES

- Malaria Behavior Survey - Mike Toso (Malaria Program Officer II JHUCCP). The new website, www.malariabehaviorsurvey.org will displays data generated from the Malaria Behavior Survey being rolled out across SSA. This new resource highlights results of a survey designed to measure determinants of this important behavior.
- There is a [subscription link](#) on the website (which can also be used to give feedback) – for those who would like to be updated when new resources and MBS reports are added.
- Mike Toso: miketoso@jhu.edu can provide more details

COUNTRY UPDATES

Country updates provided on February 3rd AMP call:

CAR	
Country summary	<ul style="list-style-type: none"> ▪ Security situation has degraded significantly in the country over the last weeks ▪ AMP will have a catch-up call with NMCP CAR next week.

Chad	
Country summary	<ul style="list-style-type: none"> ▪ Chad has completed 5 phases of campaign activities. ▪ Country is currently working on 6th phase distribution. ▪ Current plan is to start Phase 6 distribution by the end of February. ▪ Government of Chad to fund ITNs to complete ITN distribution.

Cote D'Ivoire	
Country summary	<ul style="list-style-type: none"> ▪ Vector Link team working to distribute PBO nets which arrive in February ▪ HH registration ongoing ▪ AMP has provided feedback on Plan of Action

DRC	
Country summary	<ul style="list-style-type: none"> ▪ ITN distribution ongoing in three provinces Tanga, Congo Central , Haut-Lomami ▪ AMF partner SANRU will use mobile devices for data collection ▪ GF DRC CT is currently making small changes within team ▪ AMF and Global Fund will review planned provincial level distributions in 2022 – 2023. ▪ This planning will align with Global Fund grant cycle.
Feb. 3rd update	<ul style="list-style-type: none"> ▪ A number of ongoing distributions ▪ Distribution of 4 million ITNs completed in in Haute Katanga Province ▪ Distribution of 2.4 million ITNs in Haut-Lomami ▪ Distribution of 2 million ITNs in Tanganyika ▪ Data validation is currently ongoing ▪ Distribution of 3.1 million ITNs in Congo Central will be complete it 1 week. ▪ Kinshasa distribution will start of February 8th ▪ Country is moving to longer term planning: prevalence, insecticide resistance in the country very worrying

Ethiopia	
Country summary	<ul style="list-style-type: none"> ▪ Next distribution of 7.8 million ITNs funded by GF and PMI ▪ PMI funded ITNs to arrive in February ▪ Remaining ITNs will arrive in April ▪ Central level ToT and micro planning to take place next week ▪ Workshops will covered lessons learned

Ghana	
Country summary	<ul style="list-style-type: none"> ▪ Plan to start trainings in three regions in Ghana in the coming months ▪ Plan to train during the month of Jan. and start ITN distribution in March

Kenya	
Country summary	

Liberia													
Country summary	<table border="1"> <thead> <tr> <th colspan="2">Campaign summary table</th> </tr> </thead> <tbody> <tr> <td>Target population (2021)</td> <td>4,931,090 (2018 campaign microplan population projected to 2021 at a growth rate of 2.1 %.)</td> </tr> <tr> <td>Scale of campaign</td> <td>National, covering all 15 counties in Liberia</td> </tr> <tr> <td>Total number of ITNs required.</td> <td>2,739,494</td> </tr> <tr> <td>Number of IG2 (quantity by funder)</td> <td>All IG 2 nets procured by Global Fund.</td> </tr> <tr> <td>Date planned for distribution</td> <td>May 2021</td> </tr> </tbody> </table>	Campaign summary table		Target population (2021)	4,931,090 (2018 campaign microplan population projected to 2021 at a growth rate of 2.1 %.)	Scale of campaign	National, covering all 15 counties in Liberia	Total number of ITNs required.	2,739,494	Number of IG2 (quantity by funder)	All IG 2 nets procured by Global Fund.	Date planned for distribution	May 2021
Campaign summary table													
Target population (2021)	4,931,090 (2018 campaign microplan population projected to 2021 at a growth rate of 2.1 %.)												
Scale of campaign	National, covering all 15 counties in Liberia												
Total number of ITNs required.	2,739,494												
Number of IG2 (quantity by funder)	All IG 2 nets procured by Global Fund.												
Date planned for distribution	May 2021												
January 27th update	<ul style="list-style-type: none"> - AMP TA commenced the 3rd mission to complete the development of macro documents for the Liberia campaign and set the stage for microplanning and other implementation activities. The TA workplan is undergoing internal AMP review. - Continued with the line -by-line walk through of the draft campaign budget. The objective to have a final draft of the budget within the week under review - Participated in the weekly communication thematic group call. Some key decisions reached included eliminating the use of district community communicators and substituting the use of town criers in rural areas. The use of leaflets has also been discarded as it is out of tune with COVID-19 IPC. - TAs are also reviewing and updating campaign draft macro documents in readiness for their subsequent realignment with the emerging issues across logistics, communications, and technical/implementation lines. - In-person campaign launches in county seats will likely be eliminated and substituted with broadcast launches as a COVID prevention measure 												

Madagascar	
Country summary	<ul style="list-style-type: none"> ▪ AMP is providing two waves of support <ol style="list-style-type: none"> 1) Development of a Road Map 2) Draft PoA

Malawi		
Country summary	Campaign summary table	
	Target population	16,665,561
	Scale of campaign	25 districts out of 29 Malawi districts (4 IRS districts excluded)
	Total number of ITNs	9,258,645
	Breakdown of nets	3,749,406 IG2 nets
		516,677 Royal Guard nets
		4,992,562 PBO nets
	Date planned for microplanning	Starting last week of March 2021
	Date planned for HHR	June 2021
	Date planned for ITN distribution	September 2021
	<ul style="list-style-type: none"> ▪ The 2021 mass ITNs distribution campaign will target 25 districts in Malawi. Excluded from the campaign are Mangochi, Balaka, Nkhotakota and Nkhatabay districts that will benefit from the indoor residual spraying program. The total quantity of ITNs to be procured for distributed in the 25 targeted districts as (estimated using projected census data) is 9,258,645. There is no buffer that has been procured since the last census is less than 10 years old. ▪ The 2021 campaign will employ a two-phased fixed site distribution strategy with a door-to-door household registration to determine the numbers of households in every community and the number of people in each of those households followed by fixed site distribution almost 3 months later. ▪ They will not use vouchers and will instead use their registration books to identify recipients at the distribution points. 	
Feb. 3rd update	<ul style="list-style-type: none"> - The AMP TA team worked exclusively on reviewing the draft of the implementation guideline adapting it to COVID-19 situation and also in response to the issues raised in the previous campaign's report. - The SBC-SC is planning a situational analysis exercise that will seek to gather information from stakeholders around key issues around SBC in the previous campaign. They have widened their scope to technical and logistics. Advised to concentrate on the current situation and undertake a risk analysis. <p>Week ahead</p> <ul style="list-style-type: none"> - AMP review of implementation strategy and discussion with NTF to explain the changes proposed. - Desk review and begin revisions on macro budget - Revise the roadmap - There will be an SBC subcommittee call to discuss the way forward on the planned situational analysis. 	

- Logistics subcommittee will meet to provide more clarity to the logistics portion

Nigeria

Country summary	<ul style="list-style-type: none"> ▪ Preparing lessons learned meeting ▪ Have 9 state level ITN campaigns planned ▪ 5 funded by USAID ▪ 4 funded by GF ▪ AMP will support the following evaluations: <ul style="list-style-type: none"> ➢ End process data ➢ Costing evaluation ▪ Country has completed lessons learned from 2020. This exercise will guide implementation of activities in 2021 ▪ February the first micro planning is planned. ▪ Micro planning should be completed during the first quarter of 2021 ▪ ITNs have started to arrive in the country
------------------------	---

Pakistan

Country summary	<ul style="list-style-type: none"> ▪ Completed ITN distribution on Dec. 3rd ▪ Experiences a lot of challenges and delays ▪ Good collaboration with the military ▪ In 2021 country is planning the distribution of 4.1 million ITNs (the largest to date)
------------------------	---

South Sudan

Country summary	
------------------------	--

Uganda

Country summary	<ul style="list-style-type: none"> ▪ 13 million ITNs have been distributed. ▪ In 2020 the MoH and partners discussed and captured more lessons learned and made revisions at the each phase of the distribution ▪ This process sharing of lessons learned by wave of distribution was an improvement from earlier distributions. ▪ Waves of distribution have allowed for lessons learned and improvement
February 3rd update	- ITN distribution on hold due to recent national elections

Zambia

Country summary	
------------------------	--

WORKING GROUP UPDATES

Continuous distribution working group:

Co-chairs: Jane Miller (PMI VectorLink Project) jmiller@psi.org & Balla Kandeh (NMCP The Gambia): ballakandeh@yahoo.co.uk

- Co-chair has been identified Balla Kandeh (Programme Manager, NMCP, The Gambia)
- Next meeting will take place on February 9th
- Agenda items:
 - Landscaping for working group
 - Continues Distribution tracking
 - Analysis of performance of routine distribution to date
 - Analysis of evidence of pilots

Country support working group:

Chair: Marcy Erskine (IFRC) marcy.erskine@ifrc.org

- No update

Innovation and Evaluation working group:

Co-chairs: Joe Lewinski (CRS) joseph.lewinski@crs.org & Jessica Rockwood (IPHA) jrockwood@iphadvisors.com

- No update

Net mapping project working group:

Chair: John Milliner (Milliner Global Associates) jemilliner@gmail.com

- No update

New Nets Project:

Co-chairs: Chris Lourenco (PSI) clourenco@psi.org & Miko Thomas mikojthomas@gmail.com

- Cote d'Ivoire delayed timeline with the campaign decided by the PNLP due to legislative elections, to now be April 25th for distribution, with HH registration March 15-25.
- Preparation including material printing and PPE is all set to be in place by end of Jan, due to the earlier timelines
- PNLP received tablets and now is wanting to pursue electronic data collection for the campaign, at least in the PSI/VL supported 11 PBO districts (and I believe some select IG2 districts).
- This electronic data idea was earlier proposed for Abidjan.
- VectorLink are supporting on SOPs and technical support.

Resource Mobilization working group:

Co-chairs: David Gittelman (DMG Global) david@dmglobalhealth.com & Jason Peat (IFRC) Jason.peat@ifrc.org & Jessica Rockwood (IPHA) jrockwood@iphadvisors.com & Drake Zimmerman (Rotarians Action Group on Malaria) drakezim@gmail.com

- No update

Toolkit and Training working group:

Chair: Marcy Erskine (IFRC) marcy.erskine@ifrc.org

- No update
