

Household Mobilization Script

Introduction

- A. We are part of a government led process to try to control malaria by distributing **Long Lasting Insecticidal Nets** to households and communities
- B. As part of this effort, we are here to inform you of free distribution of mosquito nets soon to occur in your area and to hand out a net card which is to be taken to the distribution point in order to receive your nets.

Long Lasting Insecticidal Nets

Hand out LLIN leaflets preferably in local language.

In order to identify beneficiaries of LLIN, do the following

- A. Identify the different households* that live within the compound or building for each household, ask these few questions
- B. What is the name of each household head (enter into register)
- C. How many wives, children and other people live within each household (enter total number into register)

Issuance of net card

- A. Issue out 1 net card to each household
- B. Remember to fill out appropriate details on the net card (ward, name of distribution point)

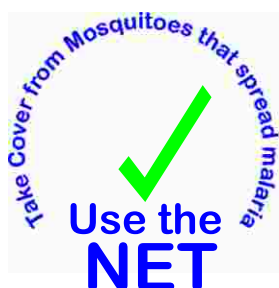

Reinforce the following messages

- A. Location of Distribution point
- B. Designated Period for Distribution
- C. Nets are distributed free on presentation of net card
- D. No net card, No Nets

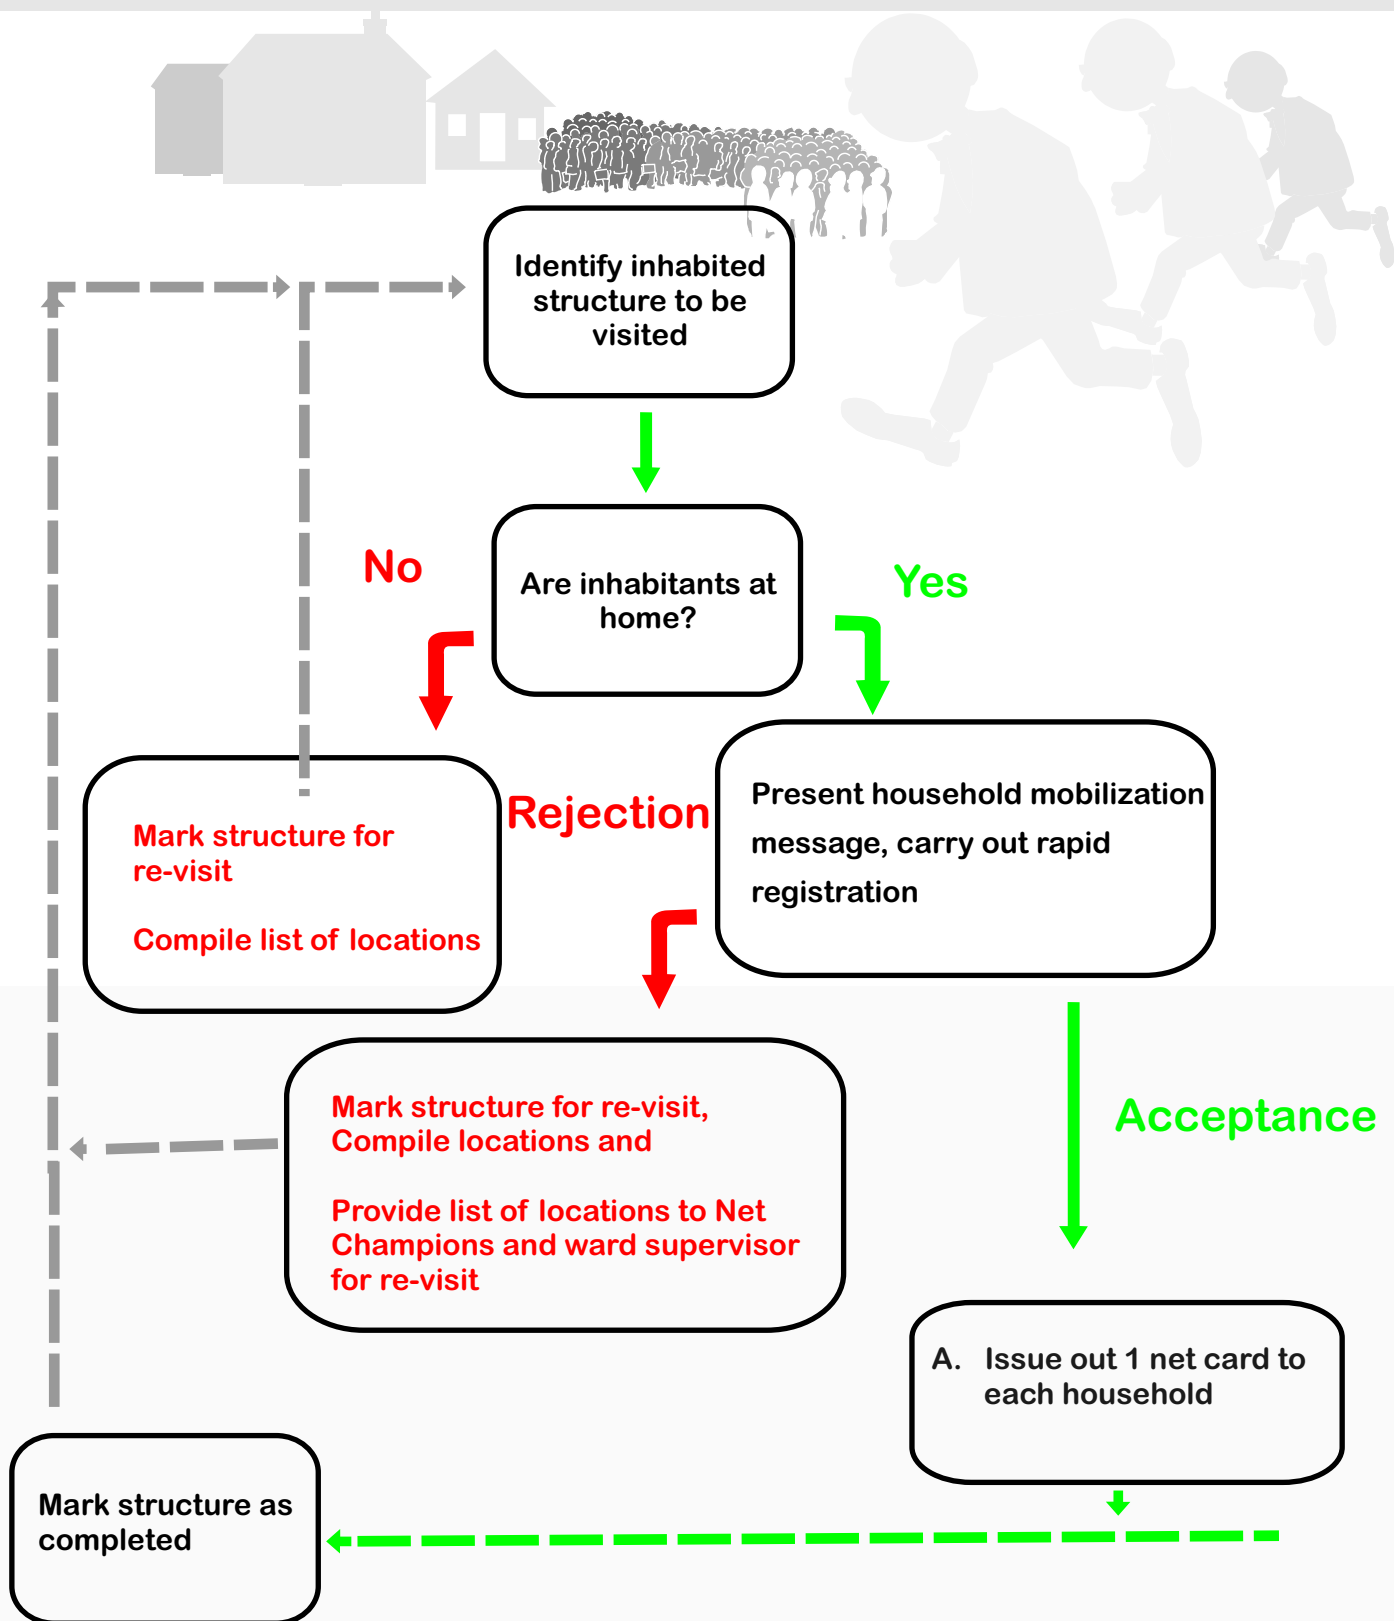

On exit, mark structure appropriately with chalk. Complete RBM
C

* Household is defined as a group of people living in the same dwelling and feeding from the same pot. Revisit RBM
