Do you have a topic / issue / update to share with the AMP partnership? Please send a summary to jason.peat@ifrc.org to schedule your update at the start of an upcoming AMP conference call.

Agenda – June 23rd AMP conference call

Chair : Jason Peat

Rapporteur : Oriane Berraud

- Country updates
- Working Group updates
- AoB

Number of participants June 23rd call

- 37 participants

Next conference call: **Wednesday June 30th, 10:00 EDT, 14:00 GMT / UTC, 16:00 CEST**

I. GENERAL UPDATES

a. Continuous Distribution Working Group conference call:– Topic (Community-based Distribution) June 3rd 2021

The Q&A from the Continuous Distribution Working Group conference call along with the presentations in English and French have been shared. Q&A are attached to the minutes.

b. Topics of discussion for upcoming AMP conference calls

Date of upcoming AMP conference call	Topic	Focal point & Agency
June 30 th	Health Campaign Effectiveness / Campaign Integration Working Group presentation on the campaign integration decision toolkit developed by the task force for global health in Atlanta → <i>The presentation will focus on the coalition and the toolkit. This tool helps countries to decide what kind of intervention can be paired. AMP partners will have the opportunity to give input from Malaria and ITN perspective.</i>	Kristin Saarlus, ScD, MPH (Director, Health Campaign Effectiveness)
July 7 th	No focus topic	N/A

II. COUNTRY UPDATES

Country updates provided on June 23rd AMP call

Angola	
	<ul style="list-style-type: none"> The next campaign is planned in 2022 Initial coordination meeting held - USAID PMI as implementing partner in-country Initial call with World Vision where planning has been discussed. GF will cover 2 provinces and PMI 6 provinces There is no global strategy document yet to guide the campaign Two types of nets that are supposed to arrive end between Dec 2021 to Feb 2022 Some concerns around Communications

Burundi		
Campaign summary table	Population at risk of malaria	Total population: 11 215 578
	Target population	9 824 522
	Geographic reach of campaign	41 health districts (47 HD in total in country)
	Total number of ITNs	6 386 020
	Type of ITNs	IG2, PBO ITN and standard LLIN – funded by GF
	Date planned for microplanning	Not started
	Date planned for HHR	Not started
	Date planned for ITN distribution	June 2022
Country summary	<ul style="list-style-type: none"> Campaign strategy defined ITNs have been procured Digital tools or not - under discussion / not clearly defined etc AMP TA in place through RBM PPE procured 	
Sitrep update	<ul style="list-style-type: none"> Fruitful meeting with WHO and RBM partners: the strategy adopted is a door to door campaign followed by a distribution at fixed point sites a week later. Logistic details have been discussed (delivery, regional storage), communication, challenges and how to address on a multi-product campaign also discussed. Decentralization micro-planning, waste management and digitalization of data collection discussed. Technical groups will start to elaborate the macro plan. A meeting will be organized by the national committee on July 6. The first meeting is planned to be conducted to July 19 to begin the evaluation of the macro plan with the technical groups. The consultants will start working this week with the focal points. <p>Challenges:</p> <ul style="list-style-type: none"> Coordination / responsiveness of the committees and sub-committees Management of the multi-product strategy Communication adapted to the multi-product campaign and the management of rumors and fears induced by the context of the COVID-19 pandemic Targeted communication for health districts not enrolled in the CDM 2022 Accurate and timely payment of stakeholders 	

Cameroon		
	Target population	

Campaign summary table	Geographic reach of campaign	First phase = 3 regions (Adamaoua, Extreme-North and North), Feb 2022 2nd phase = 4 regions (East, Littoral, West and South), Sept 2022 3rd phase = 3 regions (Centre, North-West and South-West), October 2023
	Total number of ITNs	16 756 141 (estimated)
	Type of ITNs	IG2, PBO ITN and standard LLIN – funded by Government and GF
	Date planned for microplanning	Not started
	Date planned for HHR	Not started
	Date planned for ITN distribution	2022-23
Country summary	<ul style="list-style-type: none"> • Campaign strategy under discussion • ITNs have been procured • Digital tools - under discussion / not clearly defined • AMP TA in place through RBM • PPE not yet procured 	
Meeting update	<ul style="list-style-type: none"> • TA started on 15/06/2021 • Meeting with NMCP coordinators, technical and logistic teams held and a biweekly plan has been developed • Meeting held with NCMP to discuss HHR strategies • Meeting held with log team to discuss log strategy • Meeting held with AMP team • Lessons learned from previous campaign shared. For the two regions covered by the Government, the nets procurement and funding has caused delays. Idem for the contract with the communication agency that delayed the production of the materials • Discussion around procurement and comms agencies to have for the next campaign. • Covid 19 situation in Cameroon highlighted by the NMCP coordinator: risk of a third phase in country and countries around Cameroon. • The Security situation is monitored in some region because of the impact of the campaign. Strategy will be defined accordingly - to be discussed further. • WFP will be in charge to logistic up to HF. • Cameroon interested in digitalization with smartphone (Togo approach). A call to be organized between the two countries to share experiences. 	

CAR		
Campaign summary table	Target population	2 305 488 (total population of 5 570 570)
	Geographic reach of campaign	07 Health Regions
	Total number of ITNs	1 410 371 + 1 193 550 PBO + 216 821
	Type of ITNs	PBO ITN – funded by GF
	Date planned for microplanning	July 2021
	Date planned for HHR	
	Date planned for ITN distribution	ITN distribution will take place in September 2021 in Bangui (Health Region 7) / ITN distribution will take place in November / December in Health Regions 4-5-6
Country summary	<ul style="list-style-type: none"> • Campaign strategy under discussion • ITNs have been procured • Digital tools - under discussion / not clearly defined • AMP TA in place through RBM • PPE not yet procured 	
Meeting update	<ul style="list-style-type: none"> • Organization of an orientation and discussion meeting on campaign in SR 4, 5 & 7 between the AMP and the CAR team (participated: SLP (2), WV (4), AMP (4) and RBM (1)); 	

	<ul style="list-style-type: none"> Situation of Bangui has been discussed with an urban approach and a specific action plan. The campaign will start with Bangui (last campaign in 2015) Consensus on the door-to-door distribution Documentary review of the reports to take into account the lessons learned and different recommendations in macro-planning on June 15, 2021 the first meeting of the National Coordination Committee has been organized of the CDM in RS4, 5 and 7 in the presence of the members of the CNC, representatives of the PR / WV, Ministry of >Health, CCM, local authorities, Technical Partners (WHO, UNICEF), implementing NGOs Review of the list of information to be collected before the microplanning workshops has been reviewed Review, update and adaptation of the CDM microplanning framework in SR 4, 5 & 7 to the context of Covid-19 <p>Challenges</p> <ul style="list-style-type: none"> Communication difficulties between actors and TAs due to disruptions related to the internet connection in Bangui Final choice of certain strategic options and highlights from the exchanges of the country team with the AMP and from the discussions of the first meeting of the National Coordination Committee Taking into account the LLIN gap and the costs linked to the reorganization of strategies

Cote d'Ivoire		
Campaign summary table	Target population	27 614 525
	Geographic reach of campaign	National
	Total number of ITNs	19 313 573
	Type of ITNs	PBO nets – funded by Government, GF and PMI
	Date planned for microplanning	Complete
	Date planned for HHR	Complete (March 15 th – 25 th 2021)
	Date planned for ITN distribution	Complete May 2021
Country summary	<ul style="list-style-type: none"> Campaign complete Awaiting final report from NMCP 	
Meeting update	<ul style="list-style-type: none"> No update 	

DRC		
Campaign summary table	Target population	
	Geographic reach of campaign	Three provinces: Tanga, Congo Central, Haut-Lomami`
	Total number of ITNs	39 143 869 <ul style="list-style-type: none"> Distribution of 4 million ITNs completed in Haut Katanga Province Distribution of 2.4 million ITNs in Haut-Lomami Distribution of 2 million ITNs in Tanganyika Distribution of 3.1 million ITNs in Congo Central Distribution underway in the North East of the country - 1.2 million ITNs will be distributed in total (600,000 standard ITNs and 600,000 PBO) Distribution of 3.6 million ITNs planned in Ituri Province
	Type of ITNs	PBO ITN – funded by GF, PMI and AMF
	Date planned for microplanning	Complete

	Date planned for HHR	Complete
	Date planned for ITN distribution	2020-2021
Country summary	<ul style="list-style-type: none"> • COVID-19 adapted strategy door-to-door • Simultaneous registration and distribution • Fully digitized campaign roll-out • ITNs procured • PPE procured 	
Meeting update	<ul style="list-style-type: none"> • The distribution of 3.3 million of ITNs is ongoing in Tshoppo region • No update on the distribution in Ituri (worsening of the violence in Ituri Region on hold again due to this security situation) • Related to the Covid-19 situation there are some restrictions (combined registration and distribution, and curfews in some areas is leading to some issues) 	

Ethiopia		
Campaign summary table	Target population	
	Geographic reach of campaign	11 districts
	Total number of ITNs	10 585 959 - funded by GF and PMI
	Type of ITNs	Standard LLIN – funded by GF and PMI
	Date planned for microplanning	
	Date planned for HHR	
	Date planned for ITN distribution	2021-2022
Country summary	<ul style="list-style-type: none"> • PMI funded ITNs to arrive in February • Remaining ITNs will arrive in April • Central level ToT and micro planning to take place next week • Workshops will cover lessons learned 	
Meeting update	<ul style="list-style-type: none"> • 8 mio nets to be distributed in 2021 (5 mio GF nets in Amara and Oromia). 10 districts started to distribute the nets. • Delayed because of the elections a few weeks ago • Warehouse supply agency is working on the data tracking to get improvement compared to the previous campaigns • PMI nets: PSI supports. Campaign completed in 2 regions. • Shipment delays due to the Covid 19 situation • Challenges related to the access to some villages: lot of rains currently. Community engagement successful. • Sense of net shortage at regional level (revised malaria strategic plan changed the number of districts targeted nets. MoH working on convince the district that the nets are only for district that have a malaria prevalence. 	

Ghana		
Campaign summary table	Target population	
	Geographic reach of campaign	10 regions in two phases
	Total number of ITNs	16 225 716
	Type of ITNs	PBO ITN, standard LLIN and IG2
	Date planned for microplanning	Complete
	Date planned for HHR	Phase 1 HHR complete Phase 2 : HHR between June 2-8
	Date planned for ITN distribution	Distribution will take place between May 18th -24 2021 for phase 1 regions and in June 2021 for phase 2 regions

Country summary	<ul style="list-style-type: none"> Two-phase household registration and distribution with NetApp COVID-19 mitigation measures are masks and two foot spacing at the distribution points. there's also no coupons to be exchanged the net app will capture the phone numbers or ID numbers. distribution points will not be significantly increased just for population increases and the number of days of distribution in the urban areas are being increased Planning a multi-product campaign in 2022 PPE procured
Meeting update	<ul style="list-style-type: none"> 5 regions completed / 5 remaining regions to be completed between July 27 to August 3

Kenya		
Campaign summary table	Total number of ITNs	15 707 752 – funded by PMO and GF
	Type of ITNs	Standard LLIN and PBO ITN
Country summary	<ul style="list-style-type: none"> Two-phase household registration and distribution COVID-19 mitigation measures are masks and two foot spacing at the distribution points PPE procured 	
Meeting update	<ul style="list-style-type: none"> No update 	

Liberia		
Campaign summary table	Target population	4,931,090 (2018 campaign microplan population projected to 2021 at a growth rate of 2.1 %)
	Geographic reach of campaign	National, covering all 15 counties in Liberia
	Total number of ITNs	2,783,264
	Type of ITNs	IG2 - procured by GF
	Date planned for microplanning	Complete
	Date planned for HHR	Complete
	Date planned for ITN distribution	June 2021
Country summary	<ul style="list-style-type: none"> Two-phase household registration and distribution for 14 rural counties fixed point distribution and 1 urban county door-to-door distribution COVID-19 mitigation measures are masks and two foot spacing at the distribution points Limited digital data collection from Kobo AMP TA in place through RBM PPE procured New net type, Interceptor G2 to be distributed in all counties 	
Meeting update	<ul style="list-style-type: none"> Kru and Sinoe. Delivery of ITNs to these counties have been hampered by the bad state of roads due to the heavy rains at this time in Liberia. 18/06/2021 deadline provided by GSA to complete deliveries of ITNs to all the remaining Following the formal Launch of the Liberia 2021 ITN mass campaign on Tuesday 15th June 2021 ITN distribution activities are ongoing in Liberia. In line with the campaign strategy door to door distribution is taking place in Montserrado while vouchers are being redeemed at DPs in the rest of the 14 counties. ITNs have been positioned in all PPS in Montserrado and have paved the way for the commencement of door-to-door distribution activities in the county. ITNs distribution data is gradually being presented on the KoBo data base. There are still issues with the slow speed of data reporting on the platform. As reported last week some four counties are yet to satisfy all district within them with nets for distribution. These counties include Lofa, Gbarpolu, Grand Kru and Sinoe. This has resulted in the late commencement of distribution in their respective districts. 	

	<ul style="list-style-type: none"> Monitors are providing daily updates to the JTSC through the regional coordinators. Breakthrough ACTION Liberia is providing SBC support for ITN distribution activities across the country. <p>Challenges:</p> <ul style="list-style-type: none"> Slow pace of making ITNs available at mobile /outreach DPs has slowed down voucher redemption and consequently affected number of ITNs distributed. In some counties a number of HH registered but not provided with vouchers as well as HH not registered are coming to the DPs willing to receive ITNs. Weak SBC to sustain ITN voucher presentation for redemption at DPs Slow entry of data on the KoBo database Some districts in Sinoe county are yet to commence distribution. It has not been possible to get ITNs there due to bad roads conditions as a result of heavy rains. The timeline for distribution of ITNs may be exceeded and the overall timeline to end the campaign on June 30th is fast becoming an impossibility.
--	--

Madagascar		
Campaign summary table	Target population	22,395,517
	Geographic reach of campaign	101 districts (114 districts in total in country)
	Total number of ITNs	10,719,800 MID Standards (GF) / 3,677, 000 MID Standards (PMI) / 277, 350 MID PBO (GF)
	Type of ITNs	Standard LLIN and PBO ITN
	Date planned for microplanning	May 2021
	Date planned for HHR	August 2021
	Date planned for ITN distribution	August 2021
Country summary	Two-phase household registration and distribution at fixed points Digital data collection happening COVID-19 mitigation measures are masks and two foot spacing at the distribution points PPE procured	
Meeting update	<ul style="list-style-type: none"> Work around the training of trainers 	

Malawi		
Campaign summary table	Target population	16,665,561
	Scale of campaign	25 districts out of 29 Malawi districts (4 IRS districts excluded)
	Total number of ITNs	9,258,645
	Breakdown of nets	3,749,406 IG2 516,677 Royal Guard 4,992,562 PBO nets
	Date planned for microplanning	May 2021
	Date planned for HHR	August 2021
	Date planned for ITN distribution	October/ November 2021
Country summary	<ul style="list-style-type: none"> Two-phased fixed site distribution strategy with a door-to-door household registration followed by fixed-site distribution three months later. They will use registration books to identify recipients at the distribution points The 2021 mass ITNs distribution campaign will target 25 districts in Malawi. Excluded from the campaign are Mangochi, Balaka, Nkhotakota and Nkhata Bay districts that will benefit from the indoor residual spraying (IRS) program. COVID-19 mitigation measures are masks and two foot spacing at the distribution points 	

	<ul style="list-style-type: none"> A mop-up distribution is planned for two communities of Chauma and Lupachi in Nkhotakota district. These are hard-to-reach communities in an IRS district that were not reached during the IRS activity The first batch of nets is planned to start being shipped on 20/07/2021
Meeting update	<ul style="list-style-type: none"> It has been communicated to Malawi that there is an option to recruit a national consultant that will be financed from RBM. Awaiting a formal request from NMCP.

Niger		
Campaign summary table	Target population	7 708 784
	Geographic reach of campaign	4 regions (Agadez, Tahoua, Maradi and Zinder)
	Total number of ITNs	4 411 138
	Type of ITNs	Standard LLIN – funded by GF
	Date planned for microplanning	Complete
	Date planned for HHR	Complete
	Date planned for ITN distribution	Complete May-June 2021
Country summary	<ul style="list-style-type: none"> 2021 campaign complete 2022 campaign will be implemented in 7 regions (9 424 727 ITNs planned) and involve the new net types 	
Meeting update	<ul style="list-style-type: none"> Campaign completed. Report to be finalized 	

Nigeria		
Campaign summary table	Target population	
	Geographic reach of campaign	10 states (funded by USAID PMI and the GF)
	Total number of ITNs	28 210 129 in 2021 / 26 192 725 in 2022 / 33 622 816 in 2023
	Type of ITNs	Standard LLIN and PBO ITN
	Date planned for microplanning	Complete
	Date planned for HHR	
	Date planned for ITN distribution	July 2021
Country summary	<ul style="list-style-type: none"> 2 distribution strategies <ul style="list-style-type: none"> Global fund is the single-phase simultaneous registration door to door distribution PMI is two phase and distribution through fixed sites Currently GF is digitized (Red rose) and PMI looking to digitized for future campaigns 	
Meeting update	<ul style="list-style-type: none"> Call with national program SFH to data analysis: sampling currently being done and challenges with the methodologies: analysis almost completed. Plan for addressing the issues weaknesses around M&E. Process evaluation: Two pilots of the KII completed. Adjustments to be made before roll-out. 	

Pakistan		
Campaign summary table	Target population	
	Geographic reach of campaign	3 provinces
	Total number of ITNs	3 998 484
	Type of ITNs	Standard LLIN
	Date planned for microplanning	

	Date planned for HHR	
	Date planned for ITN distribution	ITN distribution completed on Dec. 3 rd 2020 2021 TBD
Country summary	<ul style="list-style-type: none"> • Campaign Strategy not yet determined • Plans for digital data collection - Pakistan is looking at using Red rose for their hybrid strategy • Delays in campaign due to the quality issue for the Nets which are blocked while that's sorted out 	
Meeting update	<ul style="list-style-type: none"> • TA request received by AMP on 16/06/2021 • 2,1 mio nets are available (not the expected quantity due to the quality issue). 9 districts will be prioritized by disease burden. • Procurement issue but the country is still targeting to distribute nets by September. The seasonal pic is between end of July / October 	

Uganda		
Campaign summary table	Target population	
	Geographic reach of campaign	
	Total number of ITNs	13 000 000
	Type of ITNs	
	Date planned for ITN distribution	Complete
Country summary	<ul style="list-style-type: none"> • Campaign complete 	
Meeting update	<ul style="list-style-type: none"> • Challenges on the Standards to be applied 	

Zambia		
Campaign summary table	Target population	10,5 million
	Geographic reach of campaign	
	Total number of ITNs	5,7 million
	Type of ITNs	
	Date planned for ITN distribution	Complete
Country summary	<ul style="list-style-type: none"> • Campaign complete • Misuse study planed in 2020 but postponed to COVID-19 (to assess the misuse of nets for fishing). Need to follow up on this. 	
Meeting update	<ul style="list-style-type: none"> • Pending presentation on the AMP call • Cleaning report • Covid-19 related situation : third wave currently and the primary and secondary schools closed which complicate the continuous distribution of nets
